Price: **9.84 zł** gross / 8.00 zł net

Manufacturer: EXTRALINK

Referention number: DNXFMJQQHRMNHJ

Product features

Cable shielding	F/UTP (FTP)
Cable length	5 m
Colour	Black
Sheath material	Polyvinyl chloride (PVC)
Product colour	Black
Networking cable category	5e
Connector 2 gender	Male
Connector 1 gender	Male
Cable standard	Cat5e
Connector 2	RJ-45
Connector 1	RJ-45

Full product description

Extralink Patchcord LAN cable - 5 meters

Extralink LAN Patchcord is a 5 meter long network cable that is made of copper. A patchcord is a basic element of computer networks operating in the Ethernet standard. It is used to directly connect two active devices, such as a router or switch, so that data can be transferred between them. It is also used to connect computers or VoIP telephones for structured cabling and to perform patch panel switching in IT cabinets. It is perfect for both large and small computer networks. This shielded patchcord from **Extralink** is highly flexible, which translates into installation convenience and user comfort.

Durable LAN Patchcord 26 AWG

Shielded category 5e FTP Patchcord by **Extralink** is terminated with screened, gold-plated RJ45 plugs. It is made with four-wire cable, twisted pair type, made of pure copper, thanks to which it is possible to power network devices in PoE standard.

Compatible with any device with an RJ45 plug
