Price: **22.99 zł** gross / 18.69 zł net

Manufacturer: EXTRALINK

Referention number: DNXFMJQPMRMNKQ

Product features

Cable shielding	F/UTP (FTP)
Cable length	10 m
Colour	green
Sheath material	Low smoke zero halogen (LSZH) + Nylon/Polyvinyl Chloride (PVC)
Product colour	Green
Networking cable category	6
Connector 2 gender	Male
Connector 1 gender	Male
Cable standard	Cat6
Connector 2	RJ-45
Connector 1	RJ-45

Full product description

Extralink Patchcord LAN network cable - 10 meters long

This **LAN Patchcord** from Extralink is a 10 meter long copper network cable. A **LAN Patchcord** is a basic element of computer networks operating in the Ethernet standard. It is used to directly connect two active devices, such as a router or switch, so that data can be transferred between them. It is also used to connect computers or VoIP phones for structured cabling and to perform patch panel switching in IT cabinets. It is perfect for both large and small computer networks. This shielded patchcord from **Extralink** is highly flexible, which translates into installation convenience and user comfort.

Durable LAN Patchcord 26 AWG

This shielded category 6 FTP patchcord by **Extralink** is terminated with shielded, gold plated RJ45 plugs. It is made of four-wire, twisted pair cable made of pure copper, thanks to which it is possible to power network devices in the PoE standard.

Compatible with any device with an RJ45 plug
