Price: **8.00 zł** gross / 6.50 zł net

Manufacturer: EXTRALINK

Referention number: DNXFMJQPJRMNIJ

Product features

Cable shielding	F/UTP (FTP)
Cable length	2 m
Colour	green
Sheath material	Polyvinyl chloride (PVC)
Product colour	Green
Networking cable category	6
Connector 2 gender	Male
Connector 1 gender	Male
Cable standard	Cat6
Connector 2	RJ-45
Connector 1	RJ-45

Full product description

Extralink LAN Patchcord Gigabit cable - length 2 meters

This **Gigabit LAN Patchcord** from Extralink is a 2 meter long copper cable intended for indoor use. A **LAN Patchcord** is a basic element of computer networks operating in the Ethernet standard. It is used to directly connect two active devices, such as routers and switches, so that data can be transferred between them. It is also used to connect computers or VoIP phones for structured cabling and to perform patch panels switching in IT cabinets. It is perfect for both large and small **computer networks**. this shielded patchcord **Extralink** is highly flexible, which translates into installation convenience and comfort of use.

Durable LAN Patchcord 26 AWG

The shielded category 6 FTP patchcord of **Extralink** is terminated with shielded, gold-plated RJ45 plugs. It is made of four-wire, twisted pair cable made of pure copper, thanks to which it is possible to power network devices in the PoE standard.

Kompatybilny z każdym urządzeniem posiadającym wtyk RJ45
