Price: **12.99 zł** gross / 10.56 zł net

Manufacturer: EXTRALINK

Referention number: DNXFMJQPLRMNKH

Product features

Cable shielding	F/UTP (FTP)
Cable length	5 m
Colour	green
Sheath material	Polyvinyl chloride (PVC)
Product colour	Green
Networking cable category	6
Connector 2 gender	Male
Connector 1 gender	Male
Cable standard	Cat6
Connector 2	RJ-45
Connector 1	RJ-45

Full product description

Extralink Patchcord LAN cable - 5 meters

Patchcord LAN from manufacturer Extralink - 5 meters long network cable. **Patchcord LAN** is the basic element of **computer networks** operating in Ethernet standard. It is used to directly connect two active devices, such as a router or switch, so that data can be transferred between them. It is also used to connect computers or Voip telephones for structured cabling and to perform patch panel switching in IT cabinets. It is perfect for both large and small computer networks. Shielded patchcord **Extralink** is highly flexible, which translates into installation convenience and user comfort.

Durable LAN Patchcord 26 AWG

The shielded category 6 FTP patchcord of **Extralink** is terminated with shielded, gold-plated RJ45 plugs. It is made of four-wire cable, twisted pair type, made of pure copper, so it is possible to power network devices in PoE standard.

Compatible with any device with an RJ45 plug
