Full product description

Discover the joy of singing with Extralink Kids Astro LED Karaoke Speaker

The Extralink Kids Astro LED karaoke set is the perfect way to bring joy and fun into the home. Equipped with two wireless microphones and a dynamic speaker, it provides entertainment that will make any home party, family gathering or shared time with friends more enjoyable. Its original astronaut design attracts children's attention and stimulates their imagination.

Mobility and convenience - take your karaoke anywhere!

Extralink Kids Astro LED is a lightweight, portable set that you can take with you almost anywhere. Thanks to its sturdy strap and compact size, it's perfect for birthday parties, family gatherings or playing with friends. The long battery life allows you to enjoy karaoke for hours without the need for a permanent power connection.

High sound quality and noise reduction

With state-of-the-art wireless technology and a professional DSP processor, the Extralink Kids Astro LED provides crystal clear sound. Automatic microphone-speaker pairing and a range of up to 10 meters guarantee convenient use, while intelligent noise reduction makes every performance sound professional.

Versatility and wide compatibility

The Extralink Kids Astro LED is compatible with a wide range of devices thanks to Bluetooth 5.3 technology, and its fast and stable connection to a phone, tablet or computer makes it a versatile device. It also supports memory cards and has a headphone output to accommodate different users' needs. Children can sing their favorite songs wherever they are.

Clock and alarm function - ideal for the little ones

The device also features a clock and alarm function, so it can act as an alarm clock. When paired with a phone, the time on the clock automatically synchronizes. Children can easily set the alarm, making the set more functional for everyday use.

The perfect gift for any occasion

Extralink Kids Astro LED Karaoke Speaker is not only a great toy, but also a great gift idea. Its attractive astronaut design with striking RGB LED backlighting and elegant packaging make it perfect for gift giving on birthdays, holidays and other occasions. It's a great gift for little fans of music and singing, which will bring a lot of joy and light up any party.
