Full product description

Children's digital camera Extralink Kids Camera H25

Extralink Kids Camera H25 for children is ideal for your children. It is a portable camera and games console in one. Operation is so simple that children will be able to use it without adult help. When the buttons are pressed, the device emits a distinctive sound that signals correct operation. The device also has a timer, which means the photographer is not absent from the photo: they adjust the composition, set the timer and return to the frame. Later, the photos can be transferred to a computer or other storage medium and will remain in the family archive forever. The baby camera itself has **built-in memory**, which allows up to 50 photos to be saved. To expand the memory, there is a slot for installing a Micro-SD card.

Extralink H25 will not let you get bored on the road

The Extralink Kids Camera H25 gadget is perfect for a holiday trip. Your child can capture funny moments at the resort and play games while travelling. The camera has **games already installed**, which will delight both children and adults. Organise a family competition and the journey will pass without a hitch!
