Information:

Extralink Kids Camera H25 is a lightweight and easy-to-use digital camera for children, combining the functions of a camera and a games console. Thanks to the intuitive buttons and operation-confirming sounds, children can use it independently. The 2-inch screen makes framing easy, and the timer helps take group photos without leaving the photographer out. The built-in memory holds up to 50 photos, and the Micro-SD slot allows it to be expanded. The device is perfect for travel and holidays, also offering built-in games to make journeys more enjoyable.

Full product description

Children's digital camera Extralink Kids Camera H25

Extralink Kids Camera H25 for children is ideal for your children. It is a portable camera and games console in one. It is so easy to use that children will be able to use it without adult help. When the buttons are pressed, the device emits a distinctive sound, which signals correct operation. The device also has a timer, which means the photographer is not absent from the photo: they adjust the composition, set the timer and return to the frame. Later, the photos can be transferred to a computer or other storage medium and will remain in the family archive forever. The baby camera itself has **built-in memory**, which allows up to 50 photos to be saved. To expand the memory, there is a slot for installing a Micro-SD card.

Extralink H25 will not let you get bored on the road

The Extralink Kids Camera H25 gadget is perfect for a holiday trip. Your child can capture funny moments at the resort and play games while travelling. The camera already has **games installed**, which will delight both children and adults. Organise a family competition, and the journey will pass without a hitch!
