Full product description

Charming design for the young and young at heart

Introducing Extralink wireless headphones for kids - the perfect combination of fun and functionality for the little ones. Designed with an adorable cat ears motif, these headphones are not only an audio accessory, but also a fashionable accessory for kids. Made of safe and kid-friendly materials, they provide both safety and style.

Durable, flexible and suitable for all ages

Whether it's a toddler, teenager or teens, these headphones are built to last. Their durable and flexible design ensures that they can withstand the rigors of daily use, adapting to the needs of growing children. The balance between durability and flexibility makes them a reliable choice for parents and a cool gadget for kids.

Hypnotic RGB LED lighting

Your child's eyes will light up with the RGB LED illumination of these headphones. The balanced, bright colors are sure to delight children of all ages, adding an extra layer of fun to the sound experience.

Universal connectivity and long battery life

Connectivity with Extralink wireless headphones for kids is a snap. With compatibility with a variety of devices, including smartphones, tablets and computers, these headphones are extremely versatile. The built-in rechargeable battery provides up to 7 hours of use on a single charge (with the RGB lights off), making them ideal for longer listening sessions. And for those moments when you forget to charge, the non-tangle 3.5mm cable provides a convenient alternative.

Superior sound quality and Bluetooth 5.0 technology

Equipped with 40-millimeter speakers, the headphones not only look good, but also sound great. They provide high-quality sound with rich bass and crystal clear audio. The latest Bluetooth 5.0 technology provides a fast and stable connection, enhancing your child's wireless audio experience.

Ergonomic comfort for everyday use

Designed with comfort in mind, the Extralink wireless headphones feature soft ear cups and a silicone headband for luxurious comfort during prolonged use. The headphones' lightweight design and foldable design make them ideal for on-the-go entertainment, whether for gaming, studying, listening to music and more.
