Price: **62.99 zł** gross / 51.21 zł net

Manufacturer: EXTRALINK

Referention number: DNXGGLQLHRMMLP

Information:

Professional alcohol markers offer exceptional colour blending, smooth transitions, gradients and realistic shading. The double-sided design with a brush-like tip provides precision, control over line thickness and convenience for drawing, colouring, comics, fashion, calligraphy and crafts. The intense alcohol-based ink guarantees vivid colours and high quality comparable to renowned brands. For the best results, use thicker, high-quality paper, which reduces bleed-through and smudging.

Full product description

Exceptional color mixing ability

Professional alcohol markers set the standard for superior color mixing. Designed for seamless shade integration, these markers allow artists to effortlessly blend and layer different colors. This ability is essential for creating smooth transitions, detailed gradients and realistic shading effects. The ability to blend these markers provides a smooth, consistent look to the artwork, ideal for both amateur and professional projects.

WIDE RANGE OF MARKER APPLICATIONS

Versatile artistic tool

The artists' marker set is a versatile choice for a wide range of artistic endeavors. Whether you're into drawing, coloring, comic art, fashion design, calligraphy or even crafts, the markers will work perfectly. The main feature of these double-sided markers is their brush-like tip, which is suitable for a variety of artistic techniques and styles.

DRAWING AND COLOURING

Markers are perfect for drawing pictures, colouring pictures and comics, developing children's imagination and manual skills.

Precision and control

The double-sided design of these markers provides unparalleled control and precision. With a brush-like tip on one end, artists can vary the width of their lines by simply adjusting the pressure applied to the marker. This flexibility allows for thin lines, bold strokes and even calligraphy-like effects, making them ideal for detailed sketching and drawing.

Extralink

Alcohol markers

Non-toxic

Quick-drying

Easy to mix
and apply colours

Case included

High-quality
alcohol-based ink

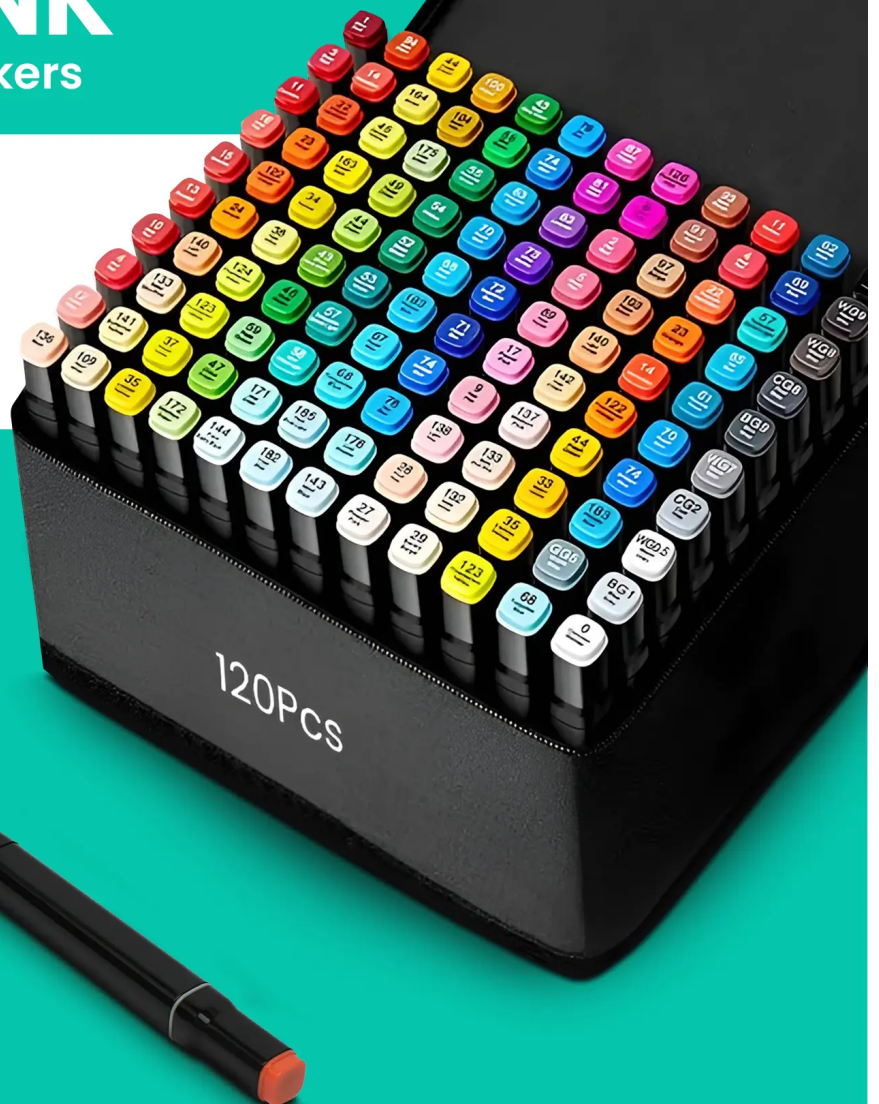

Clear alcohol-based ink

Containing high-quality alcohol-based ink, these drawing markers are a top choice among illustrators and graphic designers. Vibrant ink color and excellent blending capabilities set these markers apart. They are comparable to well-known brands such as Copic and Prisma, providing similar quality and performance.

colours

Paper compatibility

To maximize the performance of alcohol markers, we recommend using heavier, high-quality paper designed specifically for sketching or mixed media applications. This ensures minimal ink penetration, fraying and distortion, so artwork retains its integrity and vibrancy for a long time. Thoughtful paper selection enhances the overall experience and results of your work.

A young girl with blonde hair, wearing a white shirt and beige pants, is sitting on a grey couch and holding a silver-wrapped gift with a red ribbon. A woman with blonde hair, wearing a light pink shirt, is sitting next to her, smiling. In the foreground, there is a large black box filled with 120 colorful markers, each with a white label. The box is labeled "120Pcs" on the front. The background is a plain white wall.

The perfect gift choice
