Price: **49.00 zł** gross / 39.84 zł net

Manufacturer: EXTRALINK

Referention number: DNXFMJNRJRMNHO

Product features

Maximum load weight	40 kg
Coating	Zinc coating
Material	Stainless steel
Number of holes	4
Hole diameter	8 mm
Product colour	Steel
Type	Angle bracket
Designation	General purpose

Full product description

Antenna mast mounting bracket

The fixed bracket allows to mount an antenna mast, e.g. to a building facade or chimney. The use of galvanized steel ensures **resistance to corrosion** and other damage.

How to install an antenna mast on a facade?

The bracket allows you to mount an antenna mast with a maximum diameter of 50 mm. It moves the mast away from the wall at a distance of 200 mm.
