Product features

Product type	Antenna holder
Material	Steel
Length	250 mm
Product colour	Silver

Full product description

Bracket for mounting the antenna on the wall

Steel wall bracket allows to mount the antenna e.g. on the facade of the building. The use of galvanized steel ensures **resistance to corrosion and other kinds of damage.**

How to mount the antenna on the wall?

With the help of a 400 mm high wall bracket, 250 mm arm length and 38 x 1.5 mm diameter, a satellite or terrestrial antenna **can be easily attached to the facade, the wall and other flat surfaces.**
