Product features

Product type	Antenna holder
Material	Steel
Length	300 mm
Product colour	Silver

Full product description

Wall-mounting bracket

Steel wall bracket allows to mount the antenna e.g. on the facade of the building. The use of galvanized steel ensures **resistance to corrosion** and other damages.

How to mount the antenna on the wall?

With the help of a 1000 mm high wall bracket, 300 mm arm length and 38 x 1.5 mm diameter, it is easy to mount a satellite or terrestrial antenna **to a facade, wall and other flat surfaces**.
