Product features

Maximum load weight	13 kg
Material	Stainless steel
Product colour	Metallic
Type	Angle bracket

Full product description

Wall-mounting bracket

Steel wall bracket allows to mount the antenna e.g. on the facade of the building. The use of galvanized steel ensures **resistance to corrosion** and other damages.

How to mount the antenna on the wall?

With a 250 mm high brickwork holder, 400 mm arm length and 38 x 1.5 mm diameter, a satellite or terrestrial antenna **can be easily attached to the facade, wall and other flat surfaces.**
