Full product description

Choose a Creative Toy That Will Develop Your Child's Passion and Imagination

A play set combining the creative toy "Folding and coloring rocket" and a set of Extralink alcohol markers is a unique proposal for any child who loves to create and express himself through art. With this set, the child not only develops his manual skills, but also develops his imagination and concentration skills. An ideal choice for a gift that will inspire the little artist to create unique works.

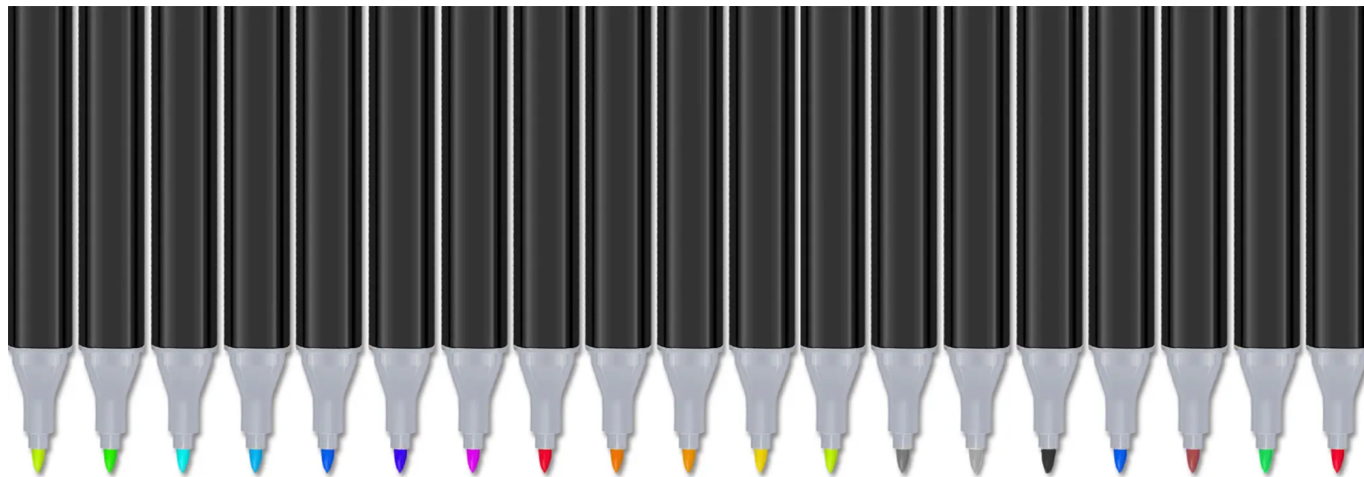

Creative Rocket - Learning Through Play

The "Folding and Coloring Rocket" toy is an interactive cardboard structure that the child can assemble and decorate on his own. The folding process helps develop manual skills and teaches the child patience and precision. Children gain satisfaction from a self-made toy that they can personalize according to their own ideas. Assembling the rocket is also a great opportunity to talk about various roles in society and learn the basic principles of functioning in the adult world.

Extralink Alcohol Markers - Professional Quality Coloring.

Extralink alcohol markers are a tool that allows you to achieve intense, deep colors, as well as to create subtle tonal transitions. With long-lasting, saturated colors and a precision tip, any child can add unique character and detail to their rocket. Markers are great for coloring large areas and fine detailing. Thus, the rocket becomes not only a toy, but also a decoration that can serve as a decorative element of the child's room.

Extralink

Markery alkoholowe

Nie są toksyczne

Szybko schnące

Łatwe mieszanie
i nakładanie warstw

Torba w zestawie

Wysokiej jakości atrament
na bazie alkoholu

Shared Benefits - The Perfect Connection for Young Artists

The combination of coloring rocket and professional markers gives the child the opportunity to create a durable, aesthetic decoration. Playing with this set develops not only artistic abilities, but also concentration skills, motor coordination and aesthetic sensitivity. The child can try out different coloring techniques, experiment with color mixing and hone their artistic skills in a way that engages and inspires. It's a great form of fun that stimulates creativity and allows them to create truly unique designs.

Time for Kids and Parents - Create Together

The "Folding and Coloring Rocket" set and Extralink markers are a great way to spend time together. Parents can assist their child in assembling and decorating the rocket, planning the color scheme or placement of the elements together. Creating together fosters bonding and reinforces a sense of security, and gives adults a chance to support the child in developing his or her interests.
