Crystal clear sound

With a **13mm composite speaker with a copper ring**, the Harmonysound V1.0 headphones offer superior sound quality. Enjoy every detail of your favorite songs, movies and phone calls.

13mm composite speakers with copper ring

Immerse yourself in sound: advanced composite speakers for clarity and depth, with an additional copper ring for superior bass reproduction.

Long-lasting performance

The headphones are ready for **hours of use thanks to built-in batteries with a capacity of 30 mAh each**. The charging case, with a **capacity of 300 mAh**, allows the headphones to be charged up to 4 times, providing up to 22 hours of use in total.

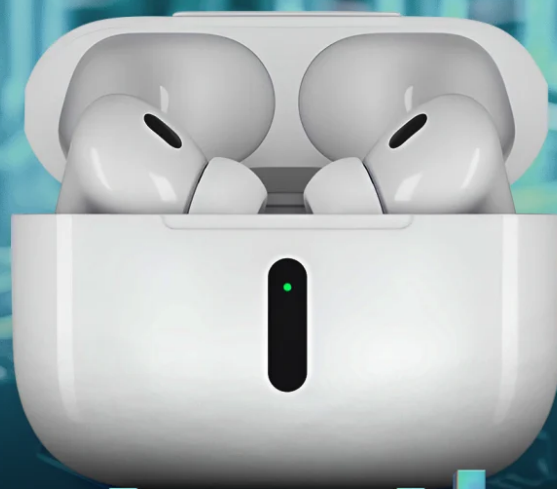

Elegant design and comfort

Designed for users **seeking style and comfort**. The ergonomic shape of the dock headphones ensures **a perfect fit and comfortable wearing for a long time**.

ADVANCED BLUETOOTH 5.3 TECHNOLOGY

This device features a stable Bluetooth 5.3 low-latency chipset, with a high-sensitivity antenna for optimized Bluetooth transmission. So you can enjoy continuous and stable connections even in areas with complex signals.

Bluetooth 5.3

Advanced features

IPX4 water resistance
Ideal for all weathers

Volume control via touchscreen earpiece & Siri wake-up support

Siri-enabled handsets allow you to activate this feature without using your phone. This is done by a simple touch or gesture.
