Chrome handles and zips increase ease of use and storage security.

Full product description

Set of three cases

The 3-in-1 set includes three rectangular cases in different sizes. They make it easier to separate cosmetics, skincare products, jewellery and hair accessories. The pastel finish with holographic details looks stylish on a dressing table.

Mirror at hand

The large case is equipped with a mirror, allowing you to apply or touch up your make-up without using additional accessories. The pink interior offers space for cosmetics and brushes, while the holders in the lid help keep everyday essentials organised.

Order while travelling

The compact cases can be conveniently packed into a bag or suitcase. They allow you to separate cosmetics from jewellery and small accessories, so the items you need stay organised during a weekend trip, holiday or business journey.

Space for every product

The large case can hold bigger skincare products, the medium one is ideal for colour cosmetics and brushes, and the small one helps organise jewellery and little items. This division speeds up getting ready and makes it easier to access the contents.

Together or separately

Each item in the set can be used separately, so it is easy to match the number of cases you take with your current needs. At home, all three can form a tidy set, while for a shorter outing you only need to choose one size.

Order in the wardrobe

Chrome handles make the cases easy to carry, and the zip fastenings help keep the contents inside. The set can be placed on a shelf, chest of drawers or in a wardrobe, providing a separate place for cosmetics, jewellery and accessories.
