Full product description

Three Angel's Secret cases

The 3-in-1 set includes three cosmetic cases in different sizes. Pink and white stripes and decorative graphics create a cohesive style that looks great on a dressing table, chest of drawers or shelf.

Mirror at hand

The largest case is equipped with a built-in mirror, making it easier to apply and touch up make-up. The spacious interior offers room for skincare products, make-up items, brushes and other accessories.

Ready for travel

The lightweight and compact design makes it easy to take the cases on a weekend getaway, holiday or business trip. The option to use each item separately allows you to adjust the amount of cosmetics you take to your current needs.

Space for various accessories

The largest case is ideal for larger containers and skincare products, the medium one helps organise make-up, and the smallest can be used to store jewellery and handy small items.

Convenient storage

Chrome handles make it easy to carry the individual cases, and zip fastenings help keep the contents inside. The set elements can be arranged together or placed in different parts of the wardrobe and bathroom.
