Full product description

Three cases in the set

The 3-in-1 set includes three cases in different sizes, making it easier to organise cosmetics, accessories and jewellery. The glossy blue finish and chrome handles give them an elegant character.

Make-up always at hand

The largest case has a built-in mirror, which makes applying and touching up make-up easier. The pink interior offers space for cosmetics and brushes, while the holders in the lid help organise selected accessories.

Order while travelling

The lightweight and compact design allows the cases to be packed conveniently into a suitcase. The division into three sizes makes it possible to take the whole set or only those cosmetics and accessories that will be needed during the trip.

Style on your dressing table

The blue surface with a holographic sheen means the cases can also be a decoration for your make-up corner. Zip fastenings help keep the contents in place, and the handles make it easy to carry each item.

Together or separately

Each case can be used separately or together with the other items in the set. The largest will hold skincare products, the medium one make-up cosmetics, and the smallest jewellery and handy bits and pieces.

Easy storage

The different sizes allow the cases to be stacked on top of one another, so they take up less space on a shelf or in a wardrobe. This solution helps keep things tidy while keeping cosmetics within easy reach.
