Full product description

Three cases in a set

Three cases in different sizes make it easier to separate cosmetics, accessories and jewellery. They can be used together or separately, adapting the storage method to current needs. The holographic finish makes the set look striking on a dressing table.

Mirror at hand

The built-in mirror makes it possible to apply or touch up make-up without reaching for extra accessories. The pink interior provides space for cosmetics, while the holders in the lid help keep brushes and other handy tools tidy.

Order when travelling

The separate cases let you sort your cosmetics before a trip and pack them neatly in your suitcase. You can take the whole set or choose only the items needed for a shorter journey.

Cosmetics in their place

The varied sizes help separate skincare products, make-up and small accessories. This keeps the contents organised and easier to find during your daily routine in the bathroom.

Convenient carrying

Each case is fitted with a handle, making it easy to carry your chosen set of cosmetics. The zip fastening helps keep the contents inside during storage and transport.

For home and studio

The set is ideal for a dressing table at home, while travelling and in a make-up artist's workplace. The cases can be used to store cosmetics, brushes, skincare products, hair accessories and jewellery.
