Full product description

Extralink Lifestyle F89 smartwatch - your smart assistant for everyday life

The **Extralink Lifestyle Smartwatch F89** is the ideal choice for people who want to monitor their health, physical activity and access notifications and calls without reaching for their phone. Equipped with a **large 1.75" display**, **Bluetooth 5.2** and **sports and health features**, it allows you to keep a watchful eye on your activity and comfort every day.

Smartwatch 1,75" F89

Health monitoring - stay up to date with your body

With **heart rate, sleep monitoring and a step counter**, the Extralink Lifestyle F89 smartwatch helps you take care of your health and physical activity. The device records data around the clock, **analyzing the quality of sleep and the level of physical exertion**, allowing you to better plan your day and recover.

Your sports partner in any sport!

Step counter and calories burned

Sleep monitoring – better recovery after training

Sport modes including:

Cycling

Tennis

Running, walking, weight training and more

Heart rate monitoring during exercise

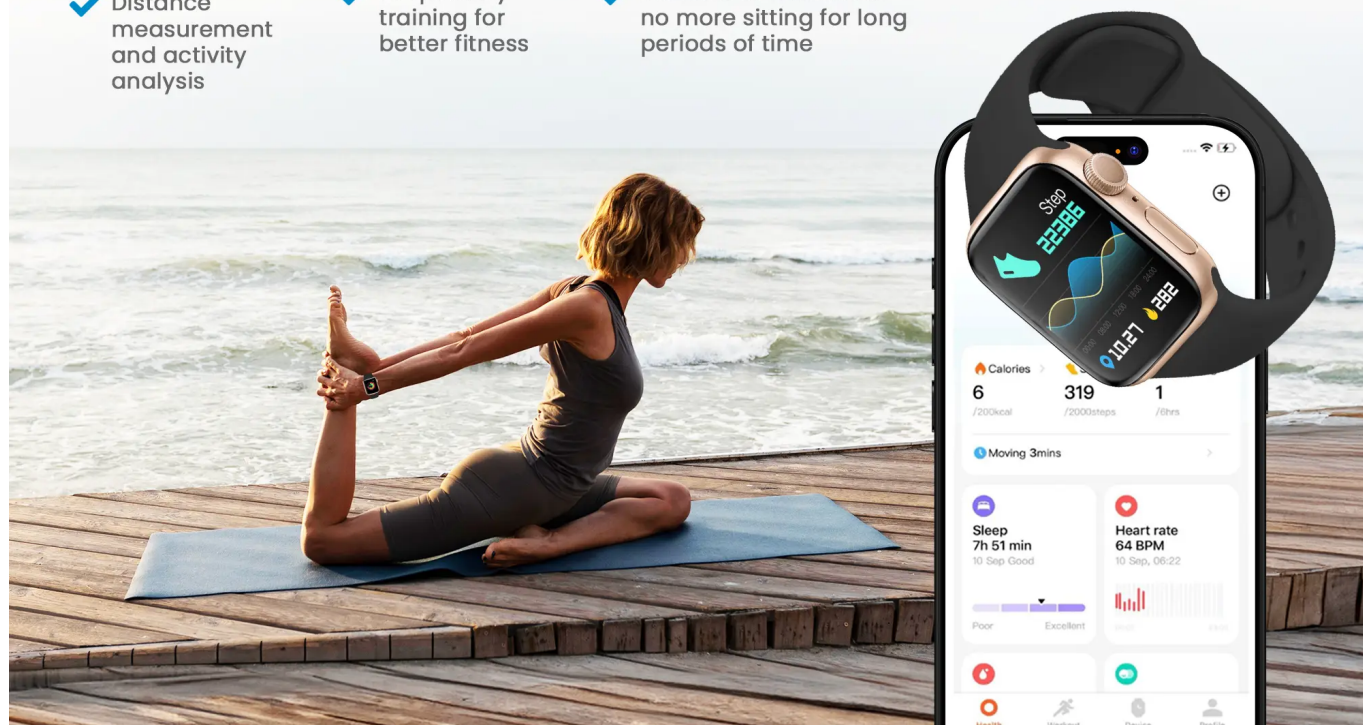

Distance measurement and activity analysis

Respiratory training for better fitness

Movement reminders – no more sitting for long periods of time

Your sports partner in every discipline

The **Extralink Lifestyle F89** smartwatch supports sports modes, including running, cycling, weight training, tennis and breathing exercises. With a step counter and activity analysis, it's easier to track workout progress. **Movement reminders** help you avoid prolonged sitting and stay in shape.

220 mAh battery

- ✓ up to 7 days of use
- ✓ up to 30 days of standby time

Wireless charging

convenient and fast

Answer and make calls directly from the wrist

With a **built-in microphone and speaker**, the smartwatch allows you to make calls without having to reach for your phone. Conveniently **answer and make calls** while remaining completely at ease while working, driving or working out.

Sleep monitoring

Analyzes the length and quality of your sleep, helping you take better care of recovery and healthy rest

A battery that will keep up with you

With a **220 mAh battery**, the **Extralink Lifestyle Smartwatch F89** can last up to **7 days on a single charge** and up to **30 days in standby mode**. Wireless charging makes power replenishment simple and fast, ensuring that it is ready to go at any time.

A smartwatch for an active lifestyle!
