Information:

The Extralink rack cabinet in black, with a height of 4U and dimensions of 530 × 400 mm, is the perfect solution for wall mounting in offices, server rooms, and CCTV facilities. Made from cold-rolled steel, it features tempered glass doors that can open to the left or right, as well as locks with keys. The package includes a shelf and the option to install a fan for improved cooling. The cabinet offers easy installation, both on the wall and in a standing position, while the removable side panels and cable entry points at the top and bottom facilitate organisation. With its welded frame, the construction is durable and reliable, making it a functional solution for storing IT equipment.

Full product description

EXTRALINK brand rack cabinet in black - 4U, 530 × 450

Extralink's rack cabinet is designed for wall mounting in offices, network server rooms and CCTV control rooms. The outer walls are made of cold-rolled steel sheet. Equipped with a pane of tempered glass, the front door can open to the left or right side. A shelf is included.

HOME NETWORK UNDER CONTROL

order begins with organisation

Clearly marked cabinet height

The vertical rails have a corresponding height designation, which is **4U (from unit)**, while the total height of the cabinet is **27.8 cm**.

Removable side walls and glass doors

The latches on the side walls allow their removal. **Locks and Keys for glass doors are included.**

Professional locking rack cabinet

Protection, order and aesthetics in one.
Perfect for organising home spaces, offices and server rooms.

Personalization

A place is prepared on the ceiling of the cabinet **to install a fan for** better cooling of the equipment, and **an additional grommet** for cable pulling is placed there. A convenient shelf is also included.

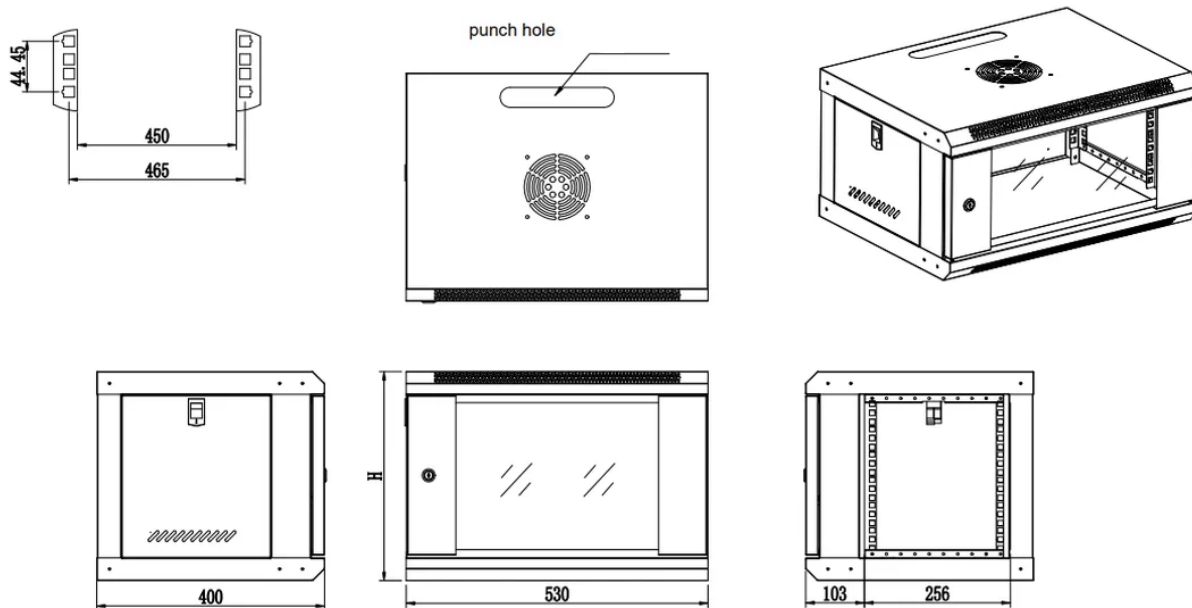

EASY ASSEMBLY IN JUST A FEW MINUTES

Thanks to clear instructions and a complete set of screws, assembling the cabinet is quick and intuitive. You can easily do it yourself – no need to call a technician!

**SHELF
INCLUDED**
