Price: **117.00 zł** gross / 95.12 zł net

Manufacturer: EXTRALINK

Referention number: DNXGHJLLDRMLOH

Information:

The Extralink rack cabinet, standing at 6U and measuring 280 mm in width, is the perfect solution for efficient space management in offices and server rooms. Its construction from high-quality steel ensures the safety of the stored equipment, while intuitive cable management facilitates organisation. Equipped with tempered glass doors and a lock, it offers both aesthetics and added protection. The option for wall mounting and clear height markings make it easy to install key components such as switches or CCTV devices. Assembly of the cabinet is quick and straightforward, thanks to the included instructions and screw set. The side panels are removable, which enhances usability flexibility. The cabinet comes in flat-pack form for self-assembly and does not include a fan, mounting rails, or a power distribution unit (PDU).

Full product description

Extralink brand rack cabinet - 6U, 10" 280X310mm Black

Extralink 's 6U high, 10-inch standard **rack cabinet** is designed to make efficient use of limited space in **offices** and **network server rooms**. Its well-thought-out design allows for quick and secure **wall-mounting of** key components, such as switches or **CCTV** equipment. The use of high-quality steel ensures that stored equipment is protected and **cable management** becomes intuitive and orderly. It is equipped with a tempered glass window, in addition, the front door can open to the left or right side.

Clearly marked cabinet height

The vertical rails have the appropriate height marking, which is **6U (from unit)**. The width of the cabinet is 280 mm and the depth is 310 mm.

Tempered glass door with key lock

Extralink 10-inch rack cabinet is protection, order and aesthetics in one. It will be perfect for organizing network devices in your home, office or small server room.

Professional locking rack cabinet
