Price: **117.00 zł** gross / 95.12 zł net

Manufacturer: EXTRALINK

Referention number: DNXGHJLMERMLPO

Information:

The Extralink rack cabinet, with a height of 6U and a 10-inch standard, is the ideal solution for effectively managing limited space in offices and server rooms. Made from high-quality steel, it provides protection for stored equipment and facilitates cable management. Featuring toughened glass and a key lock, the front doors can open in both directions. The cabinet has removable side panels and height markings on the mounting rails, making installation easier. The package includes 10 sets of cage nuts, and assembly is quick and intuitive thanks to the included instructions. In addition to its functionality, the cabinet combines aesthetics with organisation, making it an excellent choice for homes, offices, and small server rooms.
