Information:

The EXTRALINK 9U rack cabinet in black is a robust solution for wall mounting, ideal for offices, server rooms, and CCTV systems. Made from cold-rolled steel, it features tempered glass doors that can open from either side, as well as easily removable side panels. The set includes a shelf and allows for customisation, including the installation of a fan for improved cooling. It offers standard 19" mounting, an easy-to-assemble design, and cable entry points at both the top and bottom. The clearly marked height of 9U and reliable construction make it a functional and practical choice for various applications.
