Full product description

Multiple Theft Protection

Lock Star outdoor mailboxes offer **advanced theft protection**, ensuring **the** safety of your stored packages. Equipped with **a secure internal hinge** and a large anti-theft device, the boxes protect your packages from unauthorized access. Reinforced bolts and hydraulic support rods further protect the box from damage and absorb shock, ensuring your parcels remain in **perfect condition**.

Durability and Damage Resistance

Lock Star boxes are made of **galvanized steel** with a thickness of 0.8 mm, which ensures their exceptional durability and **resistance to mechanical damage**. In addition, the special paint coating used protects the box from **rusting and scratches**, which significantly extends its life. As a result, these boxes offer reliable protection for many years, achieving a lifespan **of up to 10 years**.

Water Resistance and Resistance to Atmospheric Conditions

The Lock Star outdoor mailbox provides a **high IPX3 waterproof** rating, which means it can withstand rain, snow and other harsh weather conditions. The slanted design of the box ensures that **parcels remain dry and safe**, even during adverse weather conditions such as typhoons and downpours. As a result, your shipments will be **protected in all conditions**.

Capacity and Storage

Lock Star mailboxes offer **spacious capacity**, allowing you to store parcels weighing up to 15-20 kg. With a maximum parcel size of 34 x 34 x 22 cm, the box can easily **accommodate** parcels, magazines and packages for several days. With this functionality, the box allows you to **better manage your mail**, eliminating the need to pick up parcels frequently and providing convenient storage.

Easy Installation and Convenient Use

The Lock Star outdoor mailbox is **extremely easy to install**. With a set of screws and 4 pre-drilled holes in the back wall, it can be quickly attached to walls, porches or curbs in just 3 steps. The box provides **convenient access to your packages** anytime and anywhere, so you have **full control** over your stored mail.
