Professional massage at home

The **Gymgun Fit 2.0 Pro** offers up to **6 intensity modes**, allowing you to perfectly adjust the massage to your preferences. From gentle relaxation to intense deep tissue stimulation, this massage gun can handle any painful tension. With technology based on 3,200 movements per minute, you can quickly and effectively relieve muscle tension, speeding up muscle recovery after a workout.

6 poziomów prędkości

Extralink Massage Gymgun Fit 2.0 Lite pozwala na dostosowanie siły masażu do własnych potrzeb i preferencji. Możesz wybrać jeden z sześciu poziomów intensywności, od delikatnego do mocnego, w zależności od tego, czy chcesz się zrelaksować, rozgrzać czy zregenerować mięśnie.

Versatile massage heads

The set contains as many as **7 heads**, which provide precise massage tailored to different parts of the body. Each head is designed with different needs in mind - from delicate areas to more challenging deep tissues. This tool will work well for both athletes and those looking to relax after a long day.

Impressive runtime and charging via USB Type-C port

Thanks to its powerful USB-C rechargeable battery, **the Gymgun Fit 2.0** lasts longer than most massagers on the market. You can use the device for multiple sessions without constant charging, allowing you to enjoy maximum comfort. Ideal for those who value reliability and want to avoid downtime in their daily recovery.

Poręczny i łatwy w użyciu!
