Information:

Extralink Military is a lightweight and durable cycling backpack designed with comfort in mind during long routes, training sessions and trips. The built-in 3 l water bladder allows you to drink without stopping, and it is quick and easy to fill and clean. The ventilated back with panels improves air circulation, increasing comfort even on hot days. The adjustable chest strap ensures a stable fit and secure hold of the backpack during dynamic riding.

Full product description

Extralink Military Bicycle Backpack - your reliable companion for any route

The Extralink Military is the perfect backpack to meet any challenge. Equipped with a 2-liter water reservoir, it provides constant access to hydration without interrupting your activity. Lightweight, functional and durable - this backpack will be a great choice for any trip, regardless of the conditions.

Irrigation system without interruption

With a built-in **3-liter water reservoir**, you can drink water without having to stop. This solution is ideal during intense workouts or long expeditions, when every moment is precious. Easy to fill and clean, the beaker ensures hygiene and comfort at all times.

Comfortable to wear all day

The backpack is designed for long-term comfort. **The ventilated back** with panels allows air to flow freely, preventing overheating and sweating during long runs. This makes wearing the backpack comfortable even on hot days.

Perfect fit and stability

An adjustable chest strap keeps the backpack stable, no matter how dynamic your riding or climbing is. Adjustable strap length makes the backpack fit your body perfectly, so you can focus on the route rather than tweaking your gear.
