Full product description

Extralink Military 30L Tactical Backpack - durability and versatility for everyday use

The Extralink Military Tactical Backpack 30L is an excellent choice for those who need a reliable backpack with a military design, ideal for a variety of uses - from everyday use, to travel, to hiking expeditions. Thanks to its durable construction and 30-liter capacity, the backpack provides not only functionality, but also maximum carrying comfort and durability even in harsh conditions.

Durability and moisture protection

Made of sturdy **600D polyester with an additional PVC coating**, the backpack offers excellent resistance to mechanical damage, abrasion and water. It's ideal for those who need a backpack for heavy use in variable weather conditions, where reliability and protection of contents are crucial.

Thoughtful organization of space

The backpack has **two main compartments** with additional pockets inside for easy organization and storage of belongings. **Two external zippered pockets** and a **MOLLE system** allow you to easily attach additional equipment, such as trays or other tactical accessories. This way you always have all the necessary items at hand.

Comfortable to wear all day

The backpack is equipped with **adjustable suspenders**, chest **strap** and hip belt, which allows for a perfect fit for the user's figure, even when fully loaded. In addition, **breathable MESH 3D mesh** on the back and suspenders provides excellent air circulation, which reduces sweating and improves carrying comfort during long hikes or expeditions on warmer days.
