Information:

Extralink Military Tactical Backpack 30L is a durable and functional backpack for everyday use, travel and outdoor expeditions. Made from wear-resistant 900D polyester with a waterproof inner coating, it effectively protects the contents from moisture. A 30-litre capacity, two main compartments with two-way zips, a front pocket and numerous compartments ensure convenient organisation of your gear. Ventilated back and shoulder straps, together with a hip belt, increase carrying comfort and distribute the weight evenly.

Full product description

Extralink Military 30L Tactical Backpack - Durability and style in one.

Whether you need a sturdy backpack for your daily commute, travel or long hiking trips, this model will provide you with comfortable carry and enough space for all your essentials. Its 30-liter capacity is ideal for storing all the items you need, while maintaining a compact size that won't strain your back.

Sturdy construction and water resistance

Made of **durable 900D polyester**, the backpack guarantees longevity and resistance to everyday wear and tear. **A waterproof coating** inside the backpack protects your belongings from moisture, making this model ideal for any weather. As a result, you can use the backpack without worry on any trip, regardless of the weather conditions.

Thoughtful organization and spaciousness

The backpack is equipped with two **main compartments** closed with two-way zippers for easy organization of contents. **A front pocket** and numerous internal compartments make it easy to store smaller items. This way you'll always have quick access to your essentials, no matter the situation.

Wearing comfort and ergonomics

The backpack is designed for maximum carrying comfort. **The ventilated back and suspenders** improve air circulation, which reduces sweating when carrying for extended periods of time. **The hip belt** helps distribute the weight evenly, which is especially useful on long hikes or excursions, ensuring full comfort even when fully loaded.
