Information:

Extralink Military Tactical Backpack 30L is a durable and functional backpack for outdoor enthusiasts, hikers and military activity users. Made from abrasion-resistant 600D polyester with a PVC coating, it provides protection against moisture and harsh conditions. The 30 l capacity, two main compartments, internal and external pockets, and the MOLLE system make it easy to organise and expand your gear. Adjustable shoulder straps, a chest strap and a waist belt, together with breathable 3D MESH mesh, guarantee comfortable carrying even for many hours.

Full product description

Extralink Military 30L Tactical Backpack - durability and comfort in any situation

Designed for lovers of the outdoors, hiking and military activities, the backpack offers adequate capacity, versatility and a sturdy construction to meet any challenge. With compact dimensions and a capacity of 30 liters, it's ideal for carrying all your essentials while remaining comfortable to wear all day long.

Durability and waterproof protection

Made of durable **600D polyester** with PVC coating, the backpack is highly resistant to damage and abrasion. Thanks to **the waterproof layer**, your belongings will be safe even during rain or harsh weather conditions. Duplicated seams and solid reinforcements guarantee long life of the backpack, even during the most demanding expeditions.

Thoughtful organization and functionality

Two **main compartments** and additional internal pockets allow efficient organization of all necessary items. **Two external zippered pockets**, along with the **MOLLE system**, allow you to easily attach additional accessories and equipment, making the backpack even more versatile and adaptable to different tasks.

Comfortable to wear for long hours

Adjustable suspenders, chest strap and hip belt guarantee a perfect fit of the backpack, which increases the comfort of the wearer, especially during longer expeditions. **Breathable MESH 3D mesh** on the back and suspenders improves airflow, which reduces sweating and makes the backpack comfortable even during intense exertion.
