Full product description

Extralink Military Fingerless Survival Combat Tactical Gloves - Comfort, protection and reliability in any situation.

The gloves are designed for maximum comfort during intense tactical activities, survival training, or extreme sports. Their durable construction and modern design make them an excellent choice for any military enthusiast.

High quality materials

The gloves are made of **high-quality rubber and nylon**, which provide excellent protection for the hands and wrists from injury and abrasion. These materials are not only resistant to mechanical damage, but also guarantee long life, even with intensive use in demanding field conditions.

Comfort and ventilation

The inside of the gloves features **vents** that allow air to circulate, keeping hands dry and allowing the skin to breathe freely. This is a key element that increases comfort during prolonged activities and prevents skin irritation.

Secure Velcro closure

The gloves feature a **sturdy Velcro closure** that ensures the gloves stay in place, even during intense movements. The adjustable clasp allows the gloves to fit perfectly on the hand for maximum stability and wearing comfort.
