Price: **1,299.00 zł** gross / 1,056.10 zł net

Manufacturer: EXTRALINK

Referention number: DNXGGJKRHRMMLJ

Product features

Antenna type	External
LED indicators	Power
Cartridge type	18650
Sensor type	CMOS
Connectivity technology	Wireless
Maximum resolution	1920 pixels
4G standard	LTE-TDD & LTE-FDD
Detection distance	12 m
Audio system full duplex	Yes
Mounting kit	Yes
Live view	Yes
Remotely operated	Yes
Audio system	2-way
Mounting brackets included	Yes
Night mode	Yes
Package weight	1850 g
Power consumption (typical)	4 W
Humidity measurement range	0 - 90%
Swivel angle	95 °

Motion sensor technology	Passive infrared (PIR) sensor
Fog proof	Yes
Waterproof connector	Yes
Battery included	Yes
Video compression formats	H.264
Number of cameras	1
Pan speed	40 °/sec
Smartphone/tablet remote support	Yes
Number of lenses	1
IFU / User manual	Yes
Tilt speed	55 °/sec
Weatherproof	Yes
Video motion detection	Yes
Built-in light	Yes
Operating temperature (T-T)	-30 - 60 °C
LED type	IR
Package depth	200 mm
Package height	171 mm
Package width	287 mm
Package type	Box
Reset button	Yes
Firmware upgradeable	Yes
PTZ control	Yes
Screws included	Yes
Card reader integrated	Yes
Built-in microphone	Yes
Total megapixels	4 MP
Lens viewing angle, vertical	100 °
Lens viewing angle, horizontal	355 °
Video formats supported	H.264
Maximum memory card size	128 GB
Video recording	Yes
Compatible memory cards	MicroSD (TransFlash)
International Protection (IP) code	IP66
Remote viewing	Yes
Day/night mode	Yes
Infrared (IR) cut-off filter	Yes
Wi-Fi	No
Bluetooth	No
Detect distance	12 m
Ethernet LAN	No
Built-in speaker(s)	Yes
Auto pan mode	Yes
Mobile network generation	4G
Mobile operating systems supported	Android
Sun shield included	Yes
SIM card slot	Yes
Built-in HDD	No

Zoom capability	Yes
Power source type	Battery
Drilling template included	Yes
Colour night vision distance	20 m
B/W night vision distance	20
Antennas quantity	2
Motion sensor	Yes
Night vision distance	20 m
Camera tilt control	Yes
SIM card type	MicroSIM
Camera pan control	Yes
Product colour	Black
Mounting hardware type	Ceiling/Desktop
Mobile network connection	Yes
Watch case material	Plastic
Type	IP security camera
Designation	Outdoor

Full product description

Designed with 4G LTE coverage in mind

The **Extralink Mystic 4G PTZ** security cameras can operate anywhere across the country with 4G LTE coverage, **100% wireless**, no WiFi required. Great for places where there is no electrical power source, such as backyard, garden, campers, trailers, construction sites, workplaces, warehouses, farms, etc. The 4g camera requires the purchase of a monthly cellular data subscription for the SIM Card.

Key features of the Extralink Mystic PTZ camera

- Works on 3G/4G network with SIM card without WiFi
- Wide field of view with 355° rotation and 100° tilt
- 100% wireless 3G/4G LTE camera with color night vision
- Replaceable batteries with solar panel

- Human-AI built-in PIR motion detection technology
- Two-way audio (built-in speaker and microphone)
- Support for Micro SD card (max. 128G, not included) and cloud storage
- Weatherproof

High-capacity and solar-powered battery

With **replaceable** high-capacity **batteries**, the outdoor security camera can operate without a constant power source. The **Extralink Mystic 4G PTZ** wireless security camera can be powered by solar energy from a solar panel without interruption.

Rotate, tilt and zoom

The **Extralink Mystic 4G LTE** outdoor security camera can rotate **355° horizontally and 100° vertically** with 3x digital zoom (no optical zoom), providing a wide and flexible monitoring range. You can remotely control the camera via the app and always keep an eye on your property.

Instant motion detection alerts

Extralink Mystic wireless outdoor cameras use a highly sensitive PIR motion sensor with accurate pixel analysis technology to double control and reduce false alarms, the wireless security camera system with a detection angle of 100° continuously captures the movement of people.

Alerts will be immediately sent to your phone. With motion-activated **color night vision**, you have night **vision** up to 20 meters in the dark.

Easy setup and flexible file storage

Just mount the security camera, insert the SIM card and SD card, scan the QR code with the **Tuya app** and you're done! You can save all your motion detection video clips locally on a micro SD card up to 128 GB (not included) or backup to the cloud.

Weatherproof IP66

With excellent **IP66** weather resistance, the **Extralink Mystic** outdoor surveillance camera prevents water from entering the camera and withstands a temperature range of -20° C to 60° C.

Two-way conversation and live viewing

The **Extralink Mystic** outdoor camera has a built-in speaker and microphone system that allows clear two-way audio communication and real-time conversation with anyone within range of the camera, such as family, friends and intruders.

Color night mode

With built-in infrared LEDs, the **Extralink Mystic** camera has night vision of up to 20 meters, allowing it to clearly capture more details, providing colorful and sharp videos even in low-light conditions.
