### Information:

Extralink Nail Drill 202 Pink is a professional nail drill with 65W power, designed for manicure and pedicure in the salon and at home. It offers smooth speed adjustment up to 35000 rpm, ensuring fast and precise treatment of nails, cuticles and preparation of the nail plate. Changing the rotation direction makes it easier for both right- and left-handed users to work, and the foot pedal increases comfort and control over the device. The set includes the handpiece, tabletop holder, handpiece stand, foot pedal and a complete set of diamond bits, so you can start working straight after unpacking.

### Full product description

### Extralink Nail Drill 202 Pink - is a professional nail milling machine.

The milling machine is perfect for both beauty salons and home use. With 65W of power and precise speed control, this device allows you to quickly and accurately work your nails, providing professional-level results. Convenient to use and functional, the Extralink Nail Drill 202 65W is an ideal manicure and pedicure tool that will satisfy both beginners and advanced users.

## Enhanced performance with 65W power

The Extralink Nail Drill 202 65W milling machine is distinguished by its **high power of 65W**, which allows for fast and efficient nail preparation. **The rotational speed of up to 35,000 rpm** allows you to remove cuticles efficiently and precisely, shape nails and prepare the plate for further treatments. With this product you will save time and achieve excellent results.

## Full control over the operation of the device

The Extralink Nail Drill 202 allows you to **change the direction of rotation of the cutter**, which is especially useful for both right- and left-handed people. In addition, the device **is equipped with a foot pedal**, which allows you to precisely control the speed of rotation, which significantly increases the comfort of work. This device allows you to have full control over every step of your work, which is crucial for perfect results.

## Complete set of accessories

The Extralink Nail Drill 202 kit includes everything you need for professional manicures and pedicures. It includes **a head, foot pedal, countertop handle, head holder and a set of diamond cutters**. It's a complete set that allows you to start working right after unpacking, without the need to buy additional accessories.
