Full product description

The latest toy to stimulate imagination

Extralink Neocube are amazing magnetic balls that will provide hours of creative fun and challenges. With 216 magnetic balls with a diameter of 5 mm in intense colors of the rainbow, you can create spatial constructions, solve puzzles and even relax in moments of stress. This is an ideal gadget for both children and adults who want to develop their manual skills and creativity.

A toy that develops imagination and manual skills

Neocube is an excellent toy that engages **imagination and manual skills**. By arranging the magnetic balls, you can create a variety of figures, shapes and even complex spatial constructions. **Magnetic balls** will cheer up anyone looking for an idea to spend time creatively, offering endless creative possibilities.

Rainbow colors and magnetism - a perfect combination!

The Extralink Neocube contains **216 magnetic balls** in rainbow colors to liven up any space. Thanks to the use of **N35-type** neodymium magnets, each ball has a unique attracting power, allowing the balls to be easily combined into a variety of shapes. **The 5mm magnetic balls** are small enough to allow you to create precise and detailed designs, yet strong enough to keep their magnetic properties intact.

Anti-stress and educational fun

Neocube is also an excellent anti-stress toy. Creating and stacking **magnetic balls** is a great way to relax, helping to de-stress after a hard day. In addition, playing with these **magnetic blocks** promotes the development of **manual skills, hand-eye coordination** and fine motor skills, making it perfect for children as well as adults looking for a mental challenge.

The perfect gift for anyone - 216 pieces of creative fun

Extralink Neocube is a great **gift** choice for anyone - from children to adults. With **216 balls** in a metal box, this toy is not only a great source of fun, but also an aesthetic addition to any office or room. The colorful magnetic balls in the set also make a great item to use in educational games or to solve magnetic **puzzles**, offering hours of creative fun.
