Price: **199.00 zł** gross / 161.79 zł net

Manufacturer: EXTRALINK

Referention number: DNXGGJNRFRMLM

Information:

Extralink Perun is an outdoor WiFi IP camera for reliable monitoring in all conditions. It offers 1296p resolution, colour night mode with a range of up to 20 m, and a wide viewing angle thanks to 310° horizontal and 140° vertical rotation, as well as 5x digital zoom. Intelligent AI motion and human detection reduces false alarms, and notifications are sent to your phone in real time. The camera supports two-way audio communication, 7x24 recording, local storage on a MicroSD card of up to 128 GB, and Tuya cloud storage. The IP65 waterproof design, two 2.4 GHz antennas and wireless connection ensure stable outdoor operation.

Product features

Storage relative humidity (H-H)	20 - 95%
Antenna type	External
Sensor type	CMOS
Connectivity technology	Wired
Maximum resolution	2304 pixels
Mounting kit	Yes
Storage temperature (T-T)	-10 - 50 °C
Cables included	DC
Remotely operated	Yes
Audio system	1-way
Frame rate	15 frames per second
Night mode	Yes
Humidity measurement range	20 - 95%

Networking standards	IEEE 802.11b
DC output voltage	12
DC output current	1 A
Video compression formats	H.264
Number of cameras	1
Smartphone/tablet remote support	Yes
Number of lenses	1
IFU / User manual	Yes
Weatherproof	Yes
DC-in jack	Yes
Wi-Fi data rate (max)	300 Mbit/s
Video motion detection	Yes
Plug and Play	Yes
Built-in light	Yes
Operating temperature (T-T)	-10 - 50 °C
LED type	IR
Reset button	Yes
Smart IR	Yes
PTZ control	Yes
Card reader integrated	Yes
Built-in microphone	Yes
Total megapixels	3 MP
Lens viewing angle, vertical	145 °
Lens viewing angle, horizontal	101 °
Maximum memory card size	128 GB
Compatible memory cards	MicroSD (TransFlash)
Day/night mode	Yes
Wi-Fi standards	802.11b
Wi-Fi	Yes
Bluetooth	No
Ethernet LAN	No
Built-in speaker(s)	Yes
Auto pan mode	Yes
Mobile operating systems supported	Android
Number of sensors	1
Built-in HDD	No
Microphone in	Yes
Power source type	DC
Antennas quantity	2
Motion sensor	Yes
Night vision distance	30 m
Product colour	Black
Mounting hardware type	Wall
Watch case material	Acrylonitrile butadiene styrene (ABS)
Type	IP security camera
Designation	Indoor & outdoor

Full product description

Extralink outdoor camera - reliable IP monitoring in all conditions

The **Extralink outdoor camera** is equipped with a color **CMOS image sensor**, providing crystal clear images and **1296p** videos regardless of weather conditions. The **infrared illuminator** of the wifi camera automatically detects ambient light and switches to color night mode, the monitoring distance is up to 20m. A **memory card slot** allows local storage of video footage.

NIGHT MODE – The CMOS sensors used allow for excellent night visibility of up to 30 metres

Key features of Extralink PTZ camera EOC-268

- High-quality video, live streaming and viewing of recordings
- Support intelligent automatic tracking - - face detection, high quality motion detection
- Swivel angle: 310° horizontally and 140° vertically
- Wide viewing angle, see more at any time
- 2.4 GHz WiFi wireless connection, no network cable required
- Support for local storage - MicroSD card slot up to 128 GB
- Support for two-way audio between phone and camera
- Support 7X24H video recording, never miss a moment
- Free app, support remote viewing on iOS or Android
- Tuya cloud storage support for motion detection recordings
- Power supply via universal power adapter (Micro USB port, DC12V/1A)
- Flexible installation with wall screws

- Night mode - color image in low light conditions

Wide and stable WiFi IP camera network coverage

With **Extralink Perun** PTZ camera you will gain stable monitoring. The **2.4GHz** external antennas of the ip surveillance camera provide stronger and more stable network reception. It supports 2.4GHz Wi-Fi only, which penetrates obstacles to a greater extent, thus providing wider Wi-Fi coverage.

The graphic features a dark blue background with a light blue grid pattern. Three red location pins are scattered across the upper half, each containing a circular image: a garden path, a garage, and a house. In the center, the Tuya logo is displayed in a white speech bubble. A hand holds a smartphone in the lower right, showing a live camera feed of a house with a circular navigation overlay. The text 'Dedicated TUYA app for camera monitoring and live streaming wherever you are' is at the bottom.

Intelligent motion detection

The **Extralink outdoor WiFi camera** is equipped with enhanced **AI human detection and motion sensors** that can accurately record human movements and reduce false alarms that may be caused by insects and falling leaves. **When motion is detected**, a real-time **alert will be sent to your phone**. Tap on the alert notification to view videos and photos anytime, anywhere. You will be notified of all suspicious events.

Camera for IP surveillance in all conditions

The wireless wifi camera has an **IP65** (waterproof class) design, which completely prevents dust and water from entering. The wifi ip camera can work flawlessly outdoors, regardless of heavy rain or sun exposure. You don't have to worry about rain and snow affecting image quality.

IP65 WATERPROOF DESIGN

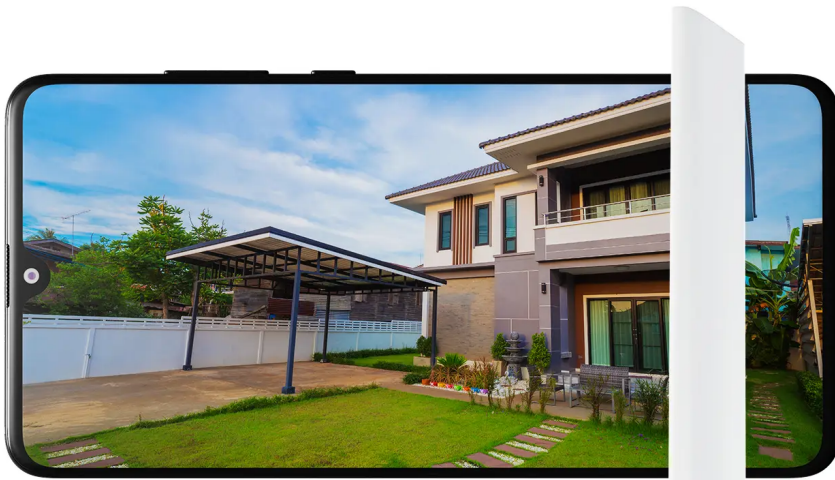

Reliable IP monitoring in all conditions

Easy to install

Wi-Fi wireless connection

Outdoor camera with real-time conversation

Extralink Perun full HD wifi wireless camera with built-in microphone and speaker system enables clear two-way audio communication. Talk in real time with anyone in front of the camera, such as family, friends, intruders.
