Price: **1,655.00 zł** gross / 1,345.53 zł net

Manufacturer: EXTRALINK

Referention number: DNXGFNIQKRMNN

Information:

Extralink fibreglass cable pulling rod is a 150-metre FRP guide rod with a diameter of 9 mm, designed for convenient and safe cable routing in hard-to-reach places. The flexible structure, resistant to bending and breaking, with a yellow PE sheath, provides good protection and lubrication during use. The practical reel makes unwinding and storage easier, while the blue stand with a manual lock stabilises the drum and improves transport. The guide head at the end increases functionality. Ideal for pulling cables between manholes, under roads, in suspended ceilings, as well as for clearing pipes and feeding cabling into protective conduits.

Product features

Rod length	150 m
Rod diameter	9 mm
Product colour	Blue

Full product description

Extralink 9mm 150m glass fiber for cable pulling

The following was used as a cable pulling pilot **150-meter fiberglass Fiber Reinforced Plastic (FRP) with a diameter of 9 mm**, equipped with a unique reel for convenient deployment. This fiber is highly flexible and resistant to bending and tearing, covered with a yellow PE plastic sheath that serves as an additional cover and provides good lubricity.

Extralink Pilot

9mm 150m

professional FRP fibreglass
cable pulling pilot, mounted
on a stable stand.

This powder-coated blue rack is equipped with a **manual lock to secure the drum** and a specific **"eyelet" to guide the fiber**. The stand is specially designed for efficient transportation, storage and use. The fiber is equipped with a **guide head** at the end.

**The rack's clever design
makes it easy to transport
and store the unit**

Application of the Extralink remote control

Robust and flexible FRP glass fibre

resistant to bending and fracture, covered with protective PE plastic

**Sturdy,
powder-coated
stand with manual
brake to prevent
accidental unfolding**

Flexible and extremely flexible FRP glass fibre

ideal for harsh environments

The ideal tool for pulling cables in electrical, fibre optic and telecommunications installations
