Product features

Rod length	250 m
Rod diameter	9 mm
Product colour	Yellow

Full product description

Extralink 9mm fiberglass cable pulling cable 250m

The following were used as cable pulling pilots **250-meter fiberglass Fiber Reinforced Plastic (FRP) with a diameter of 9 mm**, equipped with a unique reel for convenient deployment. This fiber is highly flexible and resistant to bending and tearing, covered with a yellow PE plastic sheath that serves as an additional cover and provides good lubricity.

Extralink Pilot

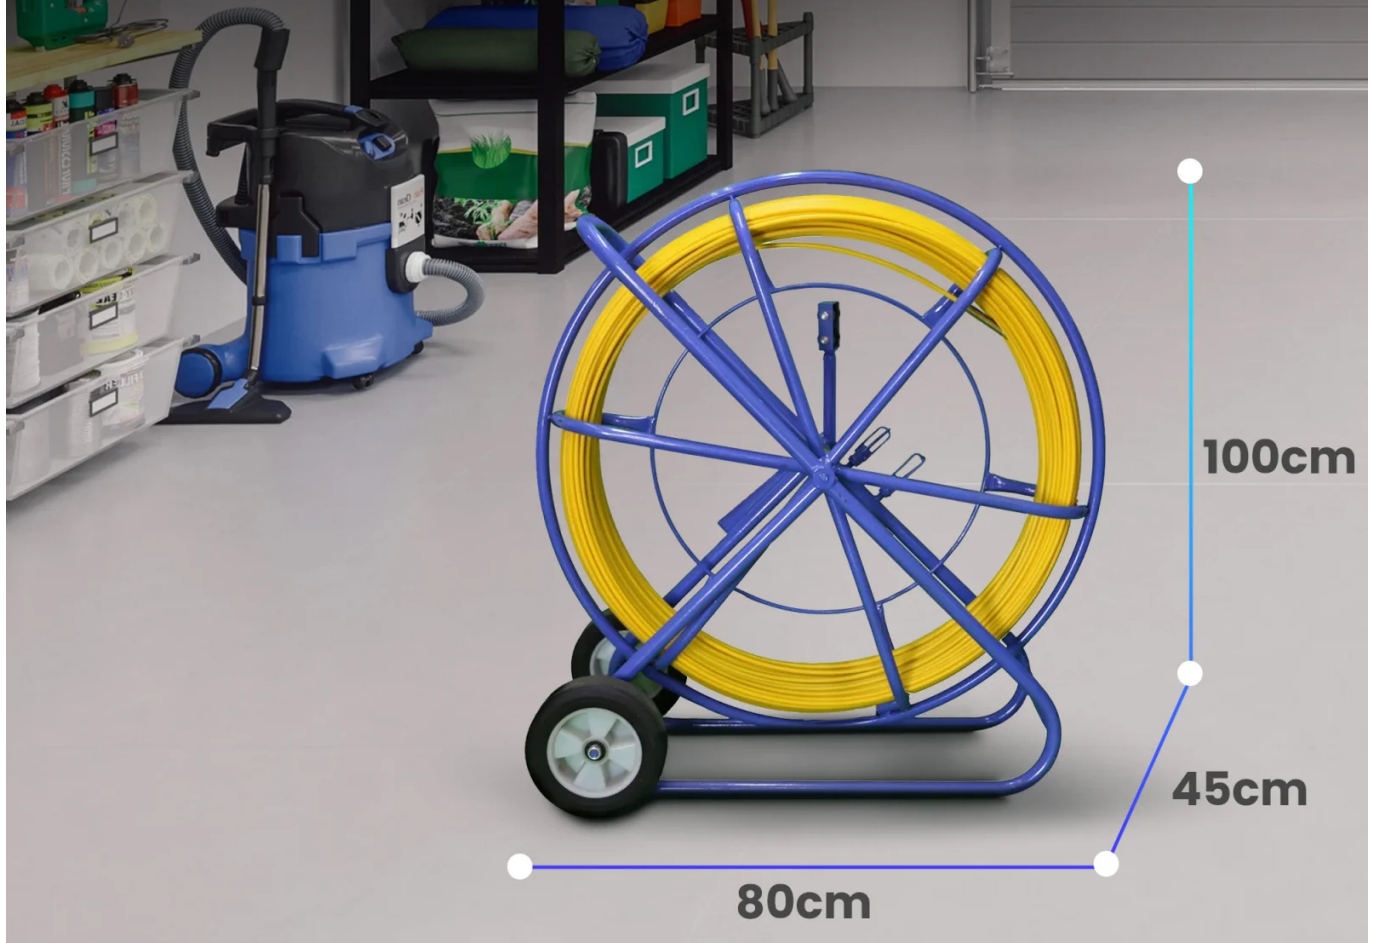

9mm 250m

professional FRP fibreglass
cable pulling pilot, mounted
on a stable stand.

This powder-coated blue rack is equipped with a **manual lock to secure the drum** and a specific **"eyelet" to guide the fiber**. The stand is specially designed for efficient transportation, storage and use. The fiber is equipped with a **guide head** at the end.

**The rack's clever design
makes it easy to transport
and store the unit**

Application of the Extralink remote control

Robust and flexible FRP glass fibre

resistant to bending and fracture, covered with protective PE plastic

**Sturdy,
powder-coated
stand with manual
brake to prevent
accidental unfolding**

Flexible and extremely flexible FRP glass fibre

ideal for harsh environments

The ideal tool for pulling cables in electrical, fibre optic and telecommunications installations
