Full product description

Extralink Power Ranger EPS-S2000F - power station with LiFePO4 technology

The Extralink Power Ranger EPS-S2000F Power Station is an innovative clean energy solution that combines **power, portability and longevity**. It is ideal for everyday power needs at home, off the grid or simply on the go. With a sturdy handle, the station can be taken anywhere mobile power is needed. With a large **2240 Wh** capacity and useful ports, the Extralink Power Ranger EPS-S2000F power station will easily meet your mobile power needs. **LiFePO4 technology** guarantees many years of cell life. **The Tuya app** allows you to monitor the status of the power station.

Mobile charging station 2240Wh

Extralink Power Ranger EPS-S2000F power station is a reliable power source for use in various fields and applications: Household, work, hobby, camping, etc. Wherever you are, charge your smartphone, computer, camera, drone, as well as many other electronic devices at any time using the output ports. Use other devices such as your TV, fan, sound player, hair dryer, lights and other connected devices, regardless of a permanent power connection.

Long battery life thanks to **LiFePo4 technology**

Features of Extralink Power Ranger EPS-S2000F power station

COMPACT, PORTABLE POWER STATION

Charge at home or connect portable Extralink 120W or 200W photovoltaic panels

If you run out of power, you can power your most important devices from an Extralink power station. If the battery starts to run out, charge it again in a short period of time using a home AC outlet or plug in Extralink [EPS-120W](#) or [Extralink EPS-200W](#) photovoltaic panels (sold separately).

TUYA APPLICATION

Command and control from anywhere

Huge capacity monitored from the Tuya app

With high power and **2240Wh capacity**, the **Extralink Power Ranger EPS-S2000F** mobile station has **2 AC outlets, one DC outlet, 2 USB ports, 1 USBC PD 100W port and 1 USBC PD 45W port**. It will power your hiking fridge, TV, mini-refrigerator, electric grill, digital camera fan via the output ports, and many others related to outdoor and indoor living, depending on your needs. From the **Tuya app**, you can monitor the status of your power station.
