Price: **135.00 zł** gross / 109.76 zł net

Manufacturer: EXTRALINK

Referention number: DNXGJQISMRMKNP

Information:

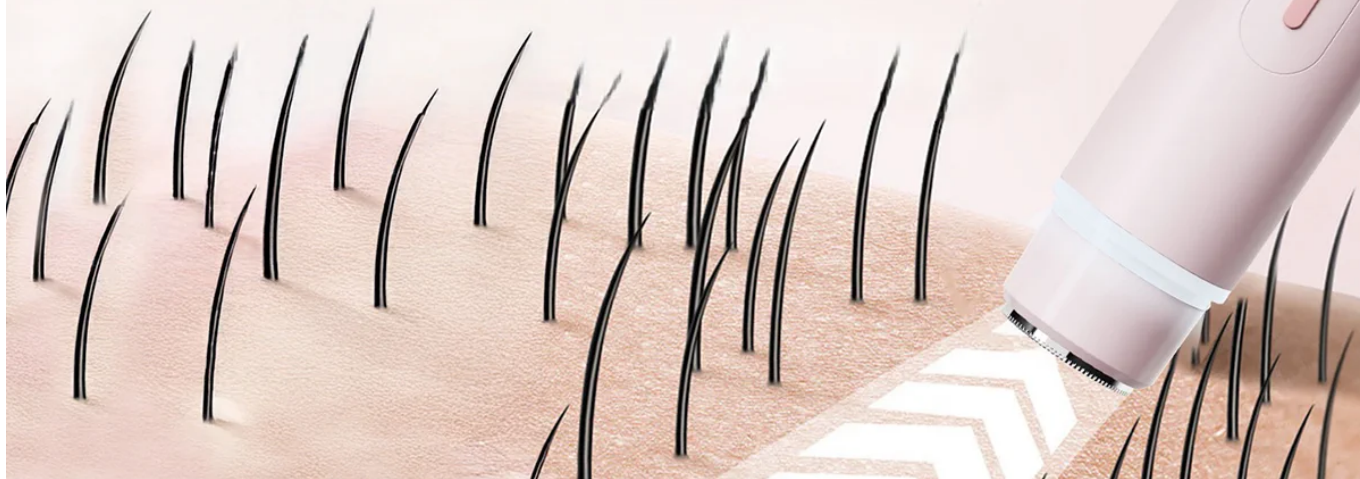

The portable bikini trimmer epilator provides precise and gentle care for sensitive skin. The dual head with rotating blades minimises the risk of irritation and nicks, while the ergonomic, lightweight design makes the device easy to guide comfortably. The built-in rechargeable battery with USB-C charging guarantees full mobility and up to 60 minutes of cordless operation. IPX4 water resistance allows it to be used safely in the bathroom and easily rinsed under running water. Its compact size also makes it ideal for travel. The set includes a USB-C cable and instructions, so the device is ready to use straight after purchase.

Full product description

Precise care for the bikini area

Portable epilator with a dual head offers comfortable hair removal for delicate areas of the body, especially the **bikini area and sensitive skin**. The ergonomic design makes it easy to guide the device and adjust the working angle, so **using it is simple and stress-free**. The rotating blades have been designed for gentle hair removal, which **minimises the risk of skin irritation**.

Depilacja do samej skóry

Key benefits

- **Precision in sensitive areas:** Dual head and rotating blades ideal for gentle bikini-area styling without irritation.
- **Full mobility:** Battery power (USB-C charging) provides freedom of movement without troublesome cables.
- **IPX4 water resistance:** Splash resistance allows safe use in the bathroom and easy washing under running water.
- **Ergonomics and lightness:** The compact shape makes it easy to guide the device precisely and fits perfectly in a make-up bag.
- **Safety:** Design that minimises the risk of nicks, ideal for people with very sensitive skin.
- **Ready to use:** A complete set with a charging cable allows the device to be used straight after purchase.

Intuitive power system and mobility

The product is powered by a **built-in battery**, which eliminates the need to use a mains socket during operation. As a result, the device **works well at home and when travelling** - simply charge the battery to enjoy up to 60 minutes of runtime. **Lightweight construction and compact dimensions** mean you can always have the device to hand, e.g. in a make-up bag or luggage.

Interfejs USB C

60 minut pracy na baterii

500 mAh

Protection and everyday convenience

The trimmer has an ABS plastic housing and **splash-resistant components (IPx4)**, which increases comfort even in humid bathroom conditions. The washable function allows for **quick cleaning of the device after use under running water**, saving time and maintaining hygiene. This is especially useful for daily care of various parts of the body.

Contents of the box

Included with the device you will find all the necessary accessories: **dual-blade head, user manual and USB C cable**. The completeness of the set means the device is **ready to use straight out of the box**. The components have been designed so that the user can start epilation quickly and without hassle.

Comfort and safe operation

The advanced rotary mechanism and blade design allow for **gentle hair removal** without excessive pressure on the skin. This improves comfort during treatment, especially in sensitive areas of the body. The device has been designed to **minimise the risk of nicks and irritation**, offering ease of use even for people who are just starting out with electric trimming.

Bezpieczne ostrza ze stali nierdzewnej

The portable bikini epilator trimmer is an ideal choice for:

- **Women who value precision:** ideal for gentle bikini-area styling.
- **People with sensitive skin:** the special design minimises the risk of irritation and nicks.
- **Travellers:** compact size and USB-C charging make transport easy.
- **Those who value convenience:** battery power provides complete freedom of movement without cables.
- **Home users:** IPX4 water resistance makes cleaning and bathroom use easier.
