momcozy

Manufacturer: MOMCOZY

Referention number: DNXGHJKOIRMMKJ

Information:

Momcozy PP201 is an ergonomic W-shaped pregnancy pillow that provides comfortable support for the back, neck, bump and legs in every trimester. It makes side sleeping easier and helps relieve pressure on the body during rest. It also works well after childbirth as a pillow for feeding and relaxation. It has a removable, breathable cover made from soft cotton air layer fabric, which can be machine washed. It is adjustable, portable and medium-firm, so it adapts well to the body and is easy to use at home or while travelling.

Full product description

Pillow - the comfort you need

For pregnant women, comfort is not a luxury, but a necessity. **The Momcozy PP201 W-shaped pregnancy pillow** is designed with real needs in mind - both for sleeping and resting during the day. Gray, ergonomic and functional, it provides **solid support for the back, tummy, neck and legs** in every trimester.

Ergonomic W-shape

The W-shaped pillow conforms to the shape of the body, providing **support for the entire spine - from the neck to the hips**. This profile makes it easier to sleep on the side, which is especially recommended for pregnant women, especially on the **left side**. It supports not only the back, but also **the tummy and swollen legs**, which brings relief during a night's rest.

Versatile use - more than for sleeping

It's not just a pillow for sleeping - it's also **a pillow for feeding and resting**. Its shape allows you to comfortably position the baby at the breast or bottle, without straining your arms and shoulders. After giving birth, it works great as a **supportive roller during relaxation and feeding**.

Removable pillowcase made of breathable material

The pillow has a **cover made of soft, cotton air layer fabric** that provides breathability throughout the night. The cover is zippered and can be **easily removed and machine washed**. This is a practical solution for pregnant women who appreciate hygiene and easy care of textiles.

Adjustable and portable

The Momcozy PP201 pillow is **adjustable and portable**, giving you the freedom to use it in a variety of places: in bed, on the couch, or traveling. Its **medium firmness** makes it conform to the shape of the body without losing its shape. Its compact size makes it easy to store or take with you.
