Product features

Regulatory Approvals	CE, FCC, IC
Product type	Display
Height	135 mm
Width	72 mm
Depth	31.8 mm
Resolution	720 pixels
Compliance certificates	CE
Power consumption (typical)	5 W
Humidity measurement range	5 - 95%
Touchscreen	Yes
DC input voltage	48 V
Material	Glass
Operating temperature (T-T)	-10 - 40 °C
Brand compatibility	Ubiquiti
Built-in microphone	Yes
Display diagonal	5 "
RJ-45 ports quantity	1
Power over Ethernet (PoE)	Yes
Brightness	300 cd/m2
Built-in speaker(s)	Yes
Product colour	White
Mounting hardware type	Wall

Sustainability compliance	Yes
Product weight	168 g

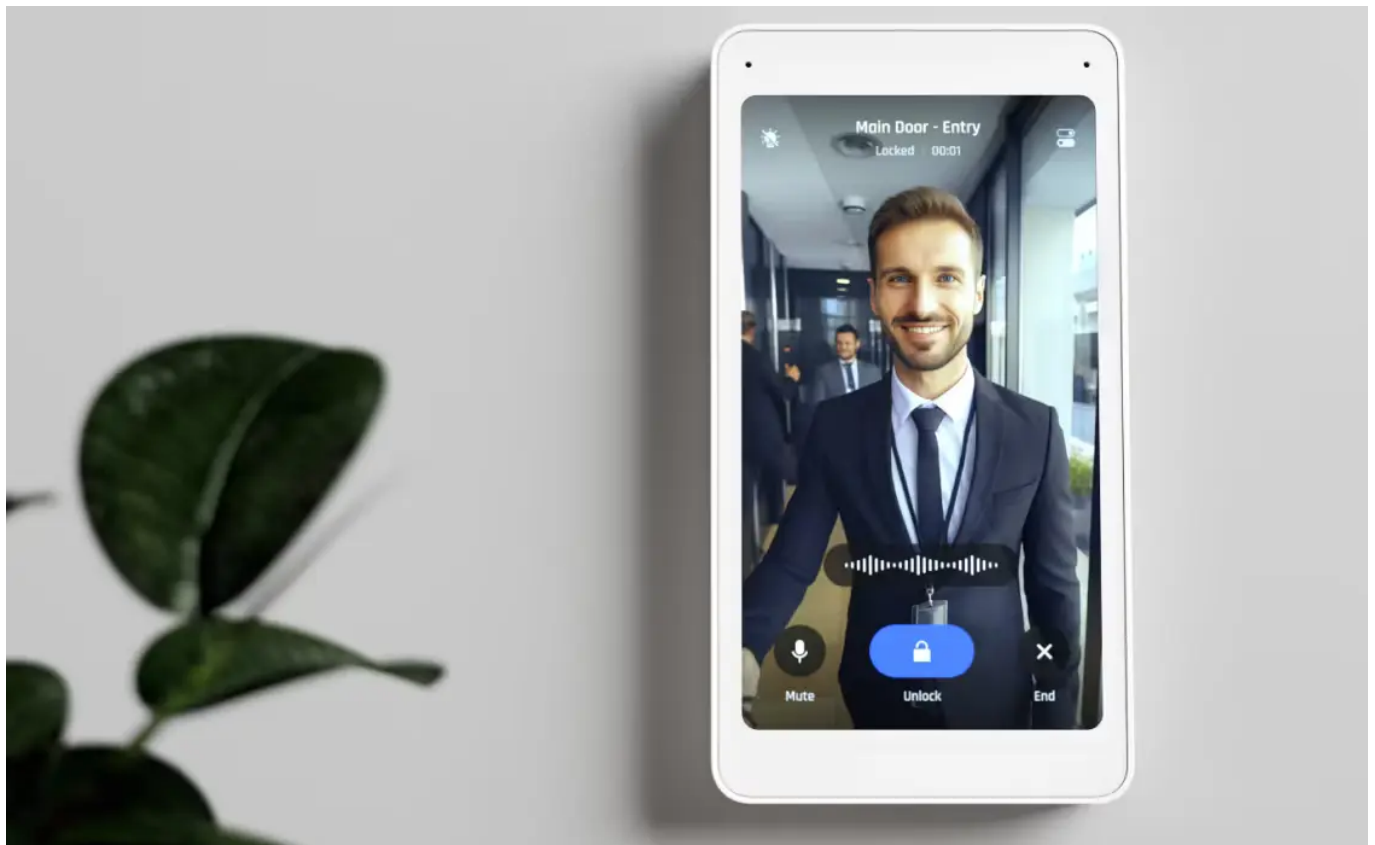

Full product description

Ubiquiti UA-Intercom-Viewer - a modern solution for access control and monitoring in buildings.

This 5-inch touchscreen monitor allows you to easily operate your UniFi Access system while ensuring safety and convenience. Ideal for applications where you care about the safety and comfort of residents or employees.

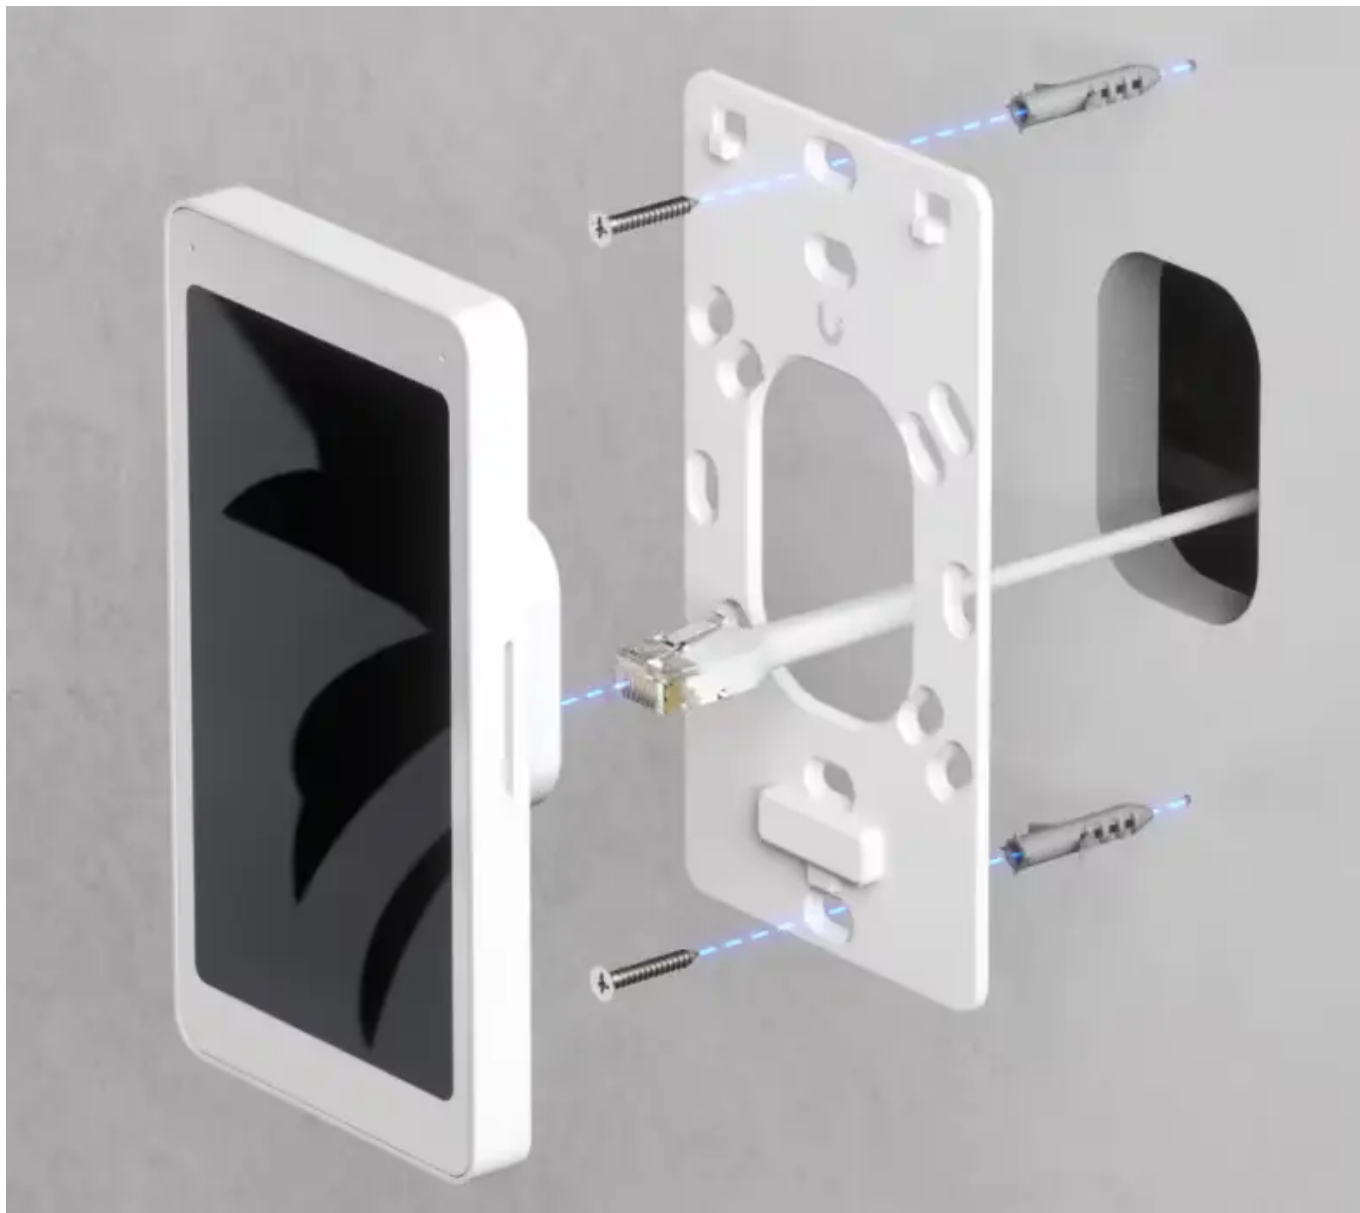

Security and access control

By integrating with UniFi Access, the Ubiquiti UA-Intercom-Viewer provides **full control over building access**. PoE power supply guarantees reliable operation and easy installation, eliminating the need for additional power cables. The device has a built-in microphone and speaker, enabling two-way communication, increasing the level of security.

High-quality touchscreen display

The monitor features a 5-inch touchscreen display with a resolution of 720 x 1280, providing **a clear and detailed image**. The screen with 300 nits brightness and multi-touch technology makes operating the device intuitive and convenient. The display's portrait orientation is ideal for wall mounting, providing an aesthetically pleasing appearance.

Reliability and durability

The Ubiquiti UA-Intercom-Viewer is made of high-quality materials such as glass, polycarbonate and aluminum alloy, which guarantees durability and resistance to damage. The device is **UL 294 compliant**, which confirms its **safety and reliability in access control systems**. Compact dimensions and wall-mounting capabilities make the device fit perfectly into any interior.
