Price: **511.98 zł** gross / 416.24 zł net

Manufacturer: UBIQUITI

Referention number: DNXGGKOSHRMMPL

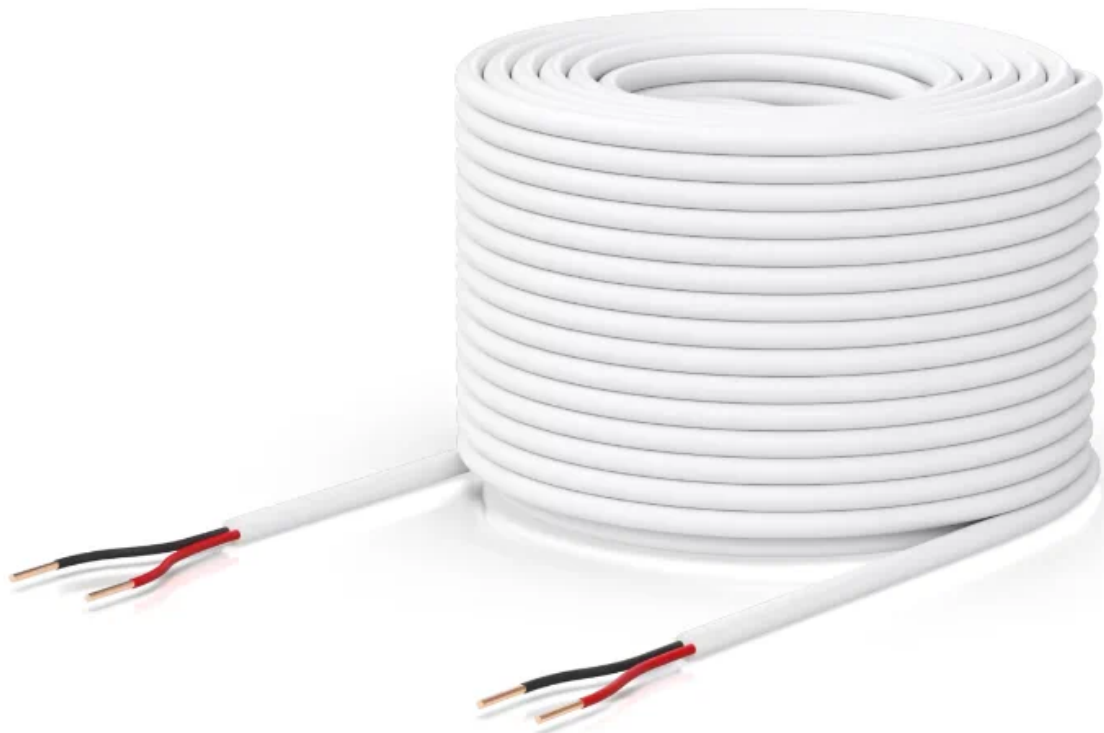

Product features

Product type	Low voltage cable
Insulation material	Semi-rigid polyvinyl chloride (SR-PVC)
Conductor material	Copper
AWG wire size	18
Number of conductors	2
Length	152.4 m
Operating voltage (max)	36 V
Sheath material	Thermoplastic elastomer (TPE)
Product colour	White

Full product description

Durable and Flexible Design

The high-quality **2-wire cable** for **UniFi Access** system from **Ubiquiti Inc.** consists of a single pair of **wires**, which are surrounded by a white sheath made of thermoplastic elastomer. This material is not only flexible, but also **soft and pleasant to the touch**, making installation easy and convenient. Each wire has a cross section of **18AWG** and is capable of carrying **2A at 36V DC**, ensuring stable and reliable performance.

Safety and Efficiency

Thanks to **its robust design** and high-quality materials, **UACC-Cable-DoorLockRelay-1P** ensures not only the efficiency but also **the security of** your access system. Its **low-voltage** nature minimizes **the risk of failure** and ensures **long-lasting operation**, making it **an ideal** choice for **professional installations**.
