Price: **667.13 zł** gross / 542.38 zł net

Manufacturer: UBIQUITI

Referention number: DNXGGKOSGRMMOM

Product features

Product type	Low voltage cable
AWG wire size	18/22
Number of conductors	4
Length	152.4 m
Operating voltage (max)	36 V
Sheath material	Thermoplastic elastomer (TPE)
Product colour	White

Full product description

Highest Quality Materials and Construction

UACC-Cable-DoorLockRelay-2P is a low-voltage cable that consists of **two pairs of conductors** encased in a white thermoplastic elastomer sheath. This material is not only flexible and soft, but also pleasant to the touch, making it easier for installers to work with. The thicker **18AWG** wires are capable of carrying up to **2A at 36V DC**, ensuring a stable and reliable connection. The smaller pair of wires, although rated to carry up to **1A** at the same voltage, also performs well in **everyday use**.

Reliability and Safety in Every Detail

By opting for **UACC-Cable-DoorLockRelay-2P**, you are investing in **reliability and security**. Thanks to properly selected technical parameters, this **cable** guarantees the stability of the access control system, **eliminating the risk of failures or interruptions**.
