Full product description

The perfect solution for the G4 Doorbell Pro PoE.

The **UACC-G4 DOORBELL PRO POE-GANG BOX** Flat or Angle Mounting Plate is an innovative solution designed for the secure and stable installation of your G4 Doorbell Pro PoE. Our mounting plate provides secure **installation** in both existing and new single gang boxes, so you don't have to worry about adjusting your existing infrastructure.

Versatility and flexibility of installation

With our product, you gain mounting flexibility by choosing between a flat or angled mounting plate. The **25° angle** mounting option allows you to optimally adapt the doorbell to your space conditions, providing you with **an ideal viewing angle** and better device functionality.

Compatibility with the G4 Doorbell Pro PoE is a guarantee that our mounting plate meets all the **technical and aesthetic** requirements of this model.

Compatible with standard single box

The UACC-G4 DOORBELL PRO POE-GANG BOX is designed to fit perfectly into a standard single box, eliminating the need for additional modifications during **installation**. This saves time and ensures that installation will go smoothly and **seamlessly**.
