Full product description

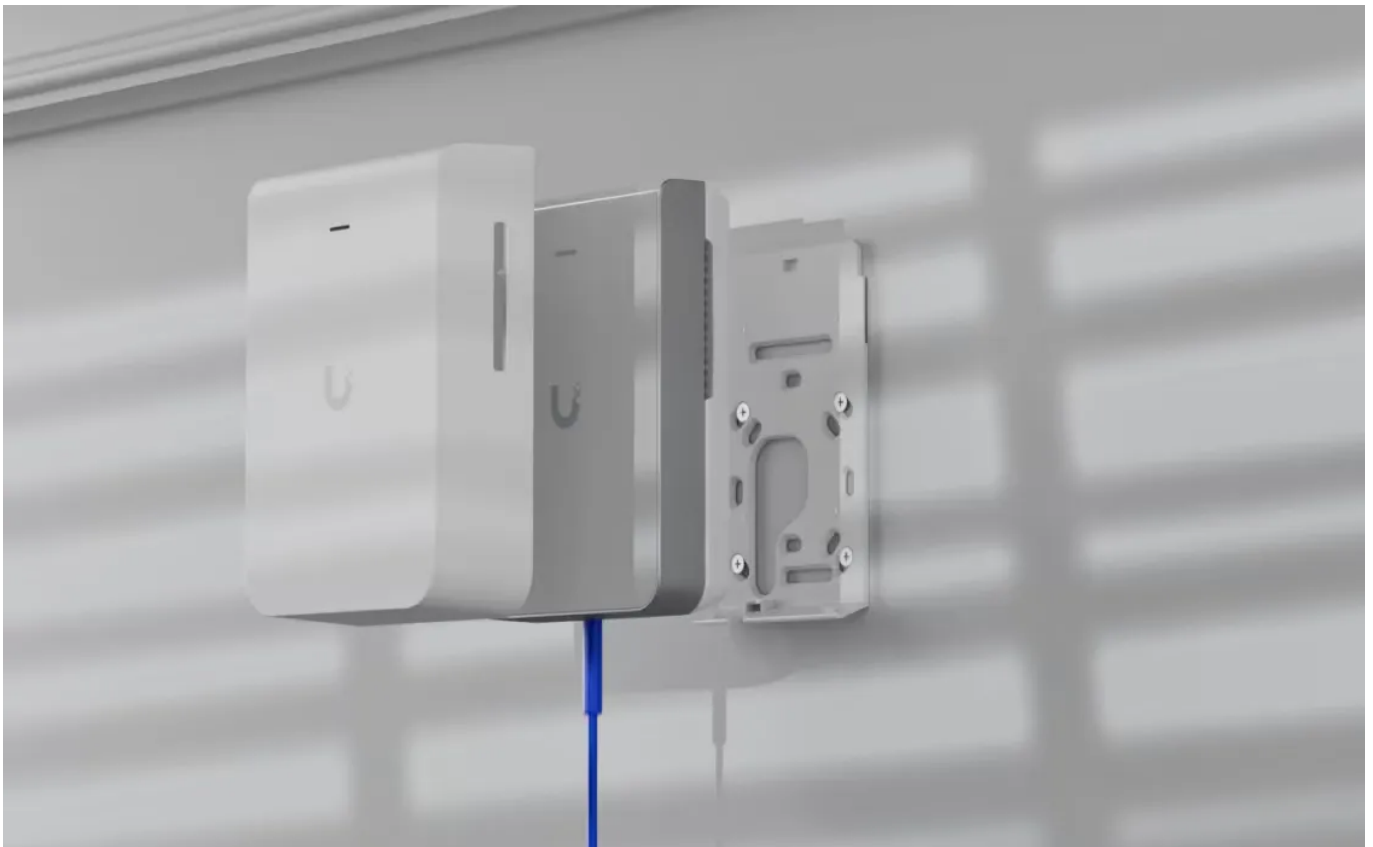

Match the design of the device to your interior

The **Ubiquiti UACC-U7-PRO-WALL-COVER** is a **paintable wall cover** that allows you to match the color of the housing to your surroundings. It will allow your **access point** to harmonize with the interior, while maintaining its full functionality.

Discreet housing for better appearance

Not everyone wants **an access point to** stand out on the wall. **Ubiquiti's UACC-U7-PRO-WALL-COVER** is designed to blend in seamlessly with its surroundings. You can **paint** it any color you want to match your walls, furniture or office.

Durable material and solid workmanship

The product is made of **durable polycarbonate**, which protects the device and is scratch-resistant. The case is lightweight, but at the same time durable enough to provide protection for the **Ubiquiti U7 Pro Wall**. The manufacturer Ubiquiti took care of precise manufacturing, which guarantees easy installation and a secure hold on the wall.

Easy installation in minutes

You don't need to have network installation experience to install **the U7 Pro Wall cover**. The product is designed to fit quickly and efficiently to the **Ubiquiti U7 Pro** access point. All components fit together, making installation **intuitive and requiring no additional tools**.

Compatibility with Ubiquiti U7 Pro

The housing is made specifically for the **Ubiquiti U7 Pro**, which means a full fit. There is no play, no airflow problems, and the device works **without interference**. As a result, the access point maintains its performance, and you can enjoy smooth network operation.
