Manufacturer: UBIQUITI

Referention number: DNXGHIJRMMOQ

Product features

Regulatory Approvals	FCC, IC, CE
Height	183 mm
LED indicators	Yes
Width	166 mm
Depth	140 mm
Backlight display	Yes
Resolution	720 pixels
Microphone mute	Yes
Compliance certificates	CE
Humidity measurement range	10 - 90%
RAM capacity	2000 MB
Touchscreen	Yes
Headset connectivity	3.5 mm
Operating temperature (T-T)	0 - 40 °C
Display diagonal	5 "
Ethernet LAN data rates	1000 Mb/s
RJ-45 ports quantity	2
Power over Ethernet (PoE) ports quantity	1
Power over Ethernet (PoE)	Yes
Internal memory	32000 MB
Wi-Fi standards	802.11a
Wi-Fi	Yes

Bluetooth version	4.2
Bluetooth	Yes
Privacy type	Privacy shutter
Privacy camera	Yes
Processor architecture	ARM Cortex-A53
Number of handsets included	1
Processor manufacturer	ARM
Video resolutions	2592 pixels
Built-in processor	Yes
Front camera resolution (numeric)	5 MP
Front camera	Yes
Product colour	Black
Mounting hardware type	Desk
Built-in display	Yes
Handset type	Wired handset
Speakerphone	Yes
Type	Smart telephone
Sustainability compliance	Yes
Product weight	1100 g

Full product description

Modern communication in your company

The Ubiquiti UTP-Touch-U is a **VoIP phone** designed for businesses that want stable and convenient communication. With a **5" HD touchscreen display**, **UniFi Talk** support and **PoE**, the device combines functionality and elegant design. **Bluetooth**, a high-quality speakerphone and intuitive controls make this phone a **powerful tool for office work**.

HD display with multi-touch support

The Ubiquiti UTP-Touch-U VoIP phone features a 5" HD touchscreen display with a resolution of 1280 x 720. Multi-touch support provides precise control and quick access to phone features. Fingerprint-resistant coating keeps the screen clean even under heavy use.

PoE power supply and two Gigabit Ethernet ports

With **PoE** support, the phone does not require an additional power supply, making installation easy and reducing the number of cables on the desk. **Two Gigabit Ethernet ports** allow for network connectivity and optional connection of an additional device. Ubiquiti ensures compatibility with its **UniFi Switches**, which guarantees stable connection and management of VoIP in the company.

Integration with UniFi Talk and Bluetooth connectivity

The **UTP-Touch-U** phone works with **UniFi Talk** for centralized call management. **Bluetooth 4.2** support allows the connection of **wireless headsets**, providing convenience during calls. This allows the phone to be part of a more extensive communication system in the office.

Advanced audio system and built-in camera

The device features a **built-in speaker with up to 3W of power** for clear sound during hands-free calls. **Dual MEMS microphones** improve voice quality and eliminate background noise. In addition, a **5MP camera with privacy shield** allows video chatting in selected applications.
