Price: **489.00 zł** gross / 397.56 zł net

Manufacturer: XIAOMI

Referention number: DNXXGJQHQRMMNI

Information:

Xiaomi Portable Photo Printer Pro is a compact, portable photo printer that quickly turns smartphone photos into durable 2 × 3 inch prints. It uses dye-sublimation technology with a four-stage printing process, delivering natural colours, high detail and a protective layer that guards against moisture, fingerprints and fading. Control via the Xiaomi Home app makes it easy to transfer photos, edit them and personalise them before printing. The printer is ideal for home use, travel and gatherings, as well as for creating albums, keepsakes and creative projects, including on sticker paper.

Product weight	308 g

Full product description

Xiaomi Portable Photo Printer Pro - portable photo printer for exceptional memories

Xiaomi Portable Photo Printer Pro lets you quickly transfer digital photos from your smartphone into a physical form. Its compact design makes the device easy to take with you and use at home, during gatherings with loved ones or while travelling. The printer uses dye-sublimation technology, which makes it possible to create colour photo prints with detailed image reproduction.

High photo quality thanks to dye-sublimation technology

Xiaomi Portable Photo Printer Pro uses a four-stage dye-sublimation printing process, involving the application of successive colour layers and a protective layer. This technology makes it possible to produce durable photographs in natural colours, and the special protective coating helps safeguard prints against moisture, fingerprints and fading.

Printing photos directly from your smartphone

The device works with smartphones via the Xiaomi Home app, which makes it easy to transfer photos and manage the printing process. The app also allows you to use additional editing features, such as preparing photos before printing or personalising photographs.

Creative photo-making possibilities

Xiaomi Portable Photo Printer Pro allows you to print smartphone photos on 2 × 3 inch (50 × 76 mm) photo paper. Thanks to support for standard photo paper and sticker photo paper, the device is ideal for creating albums, decorations, keepsakes and creative projects.

Compact design and ease of use

The slim casing of Xiaomi Portable Photo Printer Pro has been designed with mobile use in mind. Its small size means you can store the printer at home or take it with you on a trip. The device lets you print photos whenever you want to preserve important moments in a traditional paper form.

Xiaomi photo printer for home and travel

Xiaomi Portable Photo Printer Pro is an option for people who want to quickly create physical copies of their smartphone photos. The device is ideal for family gatherings, trips, creative projects and anywhere digital photographs can be turned into lasting keepsakes.

- for people who like to keep photos in traditional form,
- for families creating albums and keepsakes,
- for travellers who want to preserve memories from their trips,
- for smartphone users who enjoy mobile photography.
