Information:

A travel backpack with dimensions of 40x30x20 cm, ideal as cabin baggage for popular airlines. It opens wide like a suitcase and unfolds 180° to provide convenient access and easy organisation of clothing, documents and accessories. It features a padded laptop compartment, a waterproof pocket for wet items, a hidden rear pocket for valuables, and side compression straps. A strap for attaching it to a suitcase handle and breathable panels increase travel comfort.

Full product description

Convenient packing like in a suitcase

A wide-opening zip allows **full access to the contents**, eliminating the need to rummage through the bottom of the backpack. Thanks to the **180-degree** clamshell design, you can easily arrange clothes and accessories, keeping everything perfectly organised on every journey. Thoughtfully designed internal compartments make sorting your tablet, documents or small items intuitive and quick.

Optimal cabin baggage dimensions

The **40x30x20 cm** design helps you get through airport security stress-free, meeting the requirements of popular airlines. Despite its compact form, the backpack offers enough space to fit a **large laptop**, allowing you to take all the essentials for a short trip. Side compression straps help adjust the luggage volume to your current needs.

Idealny do samolotu

Comfortable travelling with a suitcase

A special strap placed on the back allows for **stable attachment** of the backpack to the handle of a wheeled suitcase. This solution takes the strain off your shoulders while moving through the terminal, offering greater freedom of movement. Soft, **breathable panels** on the back wall ensure proper air circulation, which increases carrying comfort even when fully loaded.

Secure storage for valuables

A discreet, **hidden pocket** in the back of the backpack protects your wallet, phone or passport from unauthorised access. Placing it directly against your back means that only the owner can access the most important documents. This solution helps you stay calm while sightseeing in crowded cities or using public transport.

Functional division into zones

A dedicated, soft compartment ensures the **safety of your laptop** by separating it from the rest of your luggage. An additional **waterproof pocket** for wet items helps hygienically store toiletries or damp clothing. The backpack makes trip organisation easier thanks to:

- a separate space for electronics,
- a sealed compartment for toiletries,
- a spacious main compartment for clothes.
