Price: **141.86 zł** gross / 115.33 zł net

Manufacturer: EXTRALINK

Referention number: DNKGKHQNJRMOP

Information:

The travel backpack with dimensions of 40x30x20 cm is ideal as cabin baggage on popular airlines. It opens 180° with a wide-opening zip, providing convenient packing like a suitcase and easy access to the contents. Thoughtfully designed compartments help organise a laptop, tablet, documents and clothes, while the padded compartment protects electronics. A water-resistant pocket makes it easy to store toiletries or wet items, and the hidden pocket at the back increases the security of valuable items. The suitcase handle strap, breathable back panel and side compression straps enhance comfort and functionality when travelling.

Full product description

Convenient packing like in a suitcase

A wide-opening zip provides **full access to the contents**, eliminating the need to rummage through the bottom of the backpack. Thanks to the **180-degree** clamshell design, you can easily organise clothes and accessories, keeping everything neatly in order on every journey. Thoughtfully designed internal compartments make sorting a tablet, documents or small items intuitive and quick.

Zamek 180 stopni otwarcie w formie walizki

Optimal cabin baggage dimensions

The **40x30x20 cm** design helps make airport security checks stress-free, meeting the requirements of popular airlines. Despite its compact form, the backpack offers enough space to fit a **large laptop**, allowing you to take all the essentials for a short trip. Side compression straps help adjust the luggage volume to your current needs.

Idealny do samolotu

Comfortable travelling with a suitcase

A special strap on the back allows the backpack to be **securely attached** to the handle of a wheeled suitcase. This solution takes the strain off your shoulders while moving through the terminal, offering greater freedom of movement. Soft, **breathable panels** on the back ensure proper air circulation, which increases carrying comfort even when fully loaded.

Zapięcie na walizkę

Secure storage for valuables

A discreet, **hidden pocket** in the back of the backpack protects your wallet, phone or passport from unauthorised access. Placing it directly against your back means that only the owner can access the most important documents. This solution helps you stay at ease when sightseeing in crowded cities or using public transport.

Ukryta kieszonka

Functional division into zones

A dedicated, soft compartment ensures the **safety of your laptop** by separating it from the rest of your luggage. An additional **waterproof pocket** for wet items helps hygienically store toiletries or damp clothing. The backpack makes trip organisation easier thanks to:

- a separate space for electronics,
- a leak-proof compartment for toiletries,
- a spacious main compartment for clothes.
