Full product description

The perfect gift for your child! Denver SWK-110BUMK2 smartwatch

The best smartwatch for kids by Denver! The **Denver SWK-110BUMK2** kids' smartwatch is designed as a fun and interactive way for your child to stay connected to you and explore the world around them. Equipped with all the features you'd expect from a smartwatch, this device is ideal for children ages 5 to 12. With its colorful and durable design, your child will love to wear it everywhere he goes. This children's smartwatch **is the perfect gift for any child** who loves technology and exploring the world around them.

Key Features of Denver SWK-110BUMK2 Smartwatch

- Easy-to-read 1.4" color display
- Activity and sleep tracking and free app

- Heart rate and blood pressure sensor
- Multisport function
- Pedometer function: Steps, distance and calorie calculation
- Can be paired with a smartphone via Bluetooth
- Caller ID display and SMS notification
- Fully compatible with iOS and Android

Intuitive touch interface and long battery life

The watch is easy to use and has a **simple touchscreen interface**, making it ideal for young children. With a long battery life of **200 mAh** and a comfortable strap, your child can wear it all day without any hassle.

Notifications of voice calls and SMS messages

In addition to all its amazing features, the Denver kids smartwatch also provides **call identification and SMS notifications**, so your child will never miss an important call or message. When synced with a smartphone, the smartwatch will display the name or number of the caller, so your child knows exactly who is calling. With these features, parents can rest easy knowing that their child is always connected and **can stay in touch with family and friends**.

Pedometer, heart rate monitor and blood pressure sensor

The Denver kids' smartwatch is also equipped with a **pedometer, heart rate monitor and blood pressure sensor**, encouraging your child to stay active and healthy. The pedometer tracks your child's steps and provides motivation to be more active throughout the day. The heart rate monitor and blood pressure sensor keep track of your child's health, making it easier for parents to monitor their child's well-being. With these features, **your child can develop healthy habits and stay active** while keeping in touch with family and friends.

Dedicated app for Android and iOS

The kids' smartwatch is designed to be **compatible with both Android and iOS devices**, making it easy to sync with a smartphone or tablet. The watch also comes with **a dedicated smartphone app** that allows you to monitor the smartwatch's performance.
